

N.C. Air Awareness

2020 — 2021 AQ-IQ CONTEST

The Contest is ideal
for distance and
on-line learning.

Contest for Seventh Grade Students

- Who: N.C. Division of Air Quality
What: Creative, On-line interactive, Posters, and Video Projects
On an air quality problem and it's solution.
When: Projects can be turned in on-line at any time before
March 12, 2021
Why: Meets N.C. Essential Standards in Science
7.E.1: Understand how the cycling of matter (water and gases) in and out of the atmosphere relates to Earth's atmosphere, weather and climate, and the effects of the atmosphere on humans.
7.TT.1: Use technology and other resources for assigned tasks.
7.RP.1: Apply a research process to complete given tasks.
7.E.1.4: Explain how personal financial decision-making impacts quality of life.

The annual AQ-IQ contest gives students a chance to create a project that highlights an air quality issue and discover a solution to that issue. Air quality experts will review each project, and regional and state level awards will be given in the spring of 2021.
