

STOP AQUATIC HITCHIKERS

Stop the spread of invasive aquatic species

Take these 4 steps after each trip on the water

CLEAN: equipment of aquatic plants and animals

DRAIN: water from boats, live wells, and equipment

DRY: allow equipment to thoroughly dry

NEVER MOVE: fish from one body of water to another

Warm water hitchhikers to be on the lookout for:

Hydrilla

Zebra Mussel

Giant Sylvania

Crested Floating
Heart
