All data submitted by the applicant is part of the administrative record and available at: <https://deq.nc.gov/about/divisions/waste-management/laserfiche>. Search for Documents using the program ID# NC6170022580. The draft renewal permit and factsheet can be found online at: <https://deq.nc.gov/public-notices-hearings> under the Division of Waste Management.

**A summary of the renewal permit follows:** The renewal permit requires the facility to continue corrective action of Solid Waste Management Units (SWMU). Remedies have been selected and are in operation at many SWMUs. The selected remedies include the following technologies: soil and/or groundwater land use controls, groundwater monitoring, monitored natural attenuation, air sparge, soil vapor extraction, in-situ submerged oxygen curtain, pump and treat, aggressive fluid vapor recovery, enhanced reductive dechlorination, and in-situ contaminant oxidation with permanganate injections.

All comments received during the public comment period or at the hearing will be considered in the decision regarding this renewal permit. Comments received after the public comment period ends will not be considered. The statutory authority for calling the permit hearing is G.S. 130A-294(f). Applicable State rules are found in the North Carolina Hazardous Waste Management Rules 15A NCAC 13A .0105, .0109, and .0113. These rules adopt the requirements of the Federal Resource Conservation and Recovery Act as amended by the Hazardous and Solid Waste Amendments of 1984.
