

Coastal Resilience Community of Practice Meeting

Tuesday, December 14 – 1:00pm - 3:00pm

Purpose of the COP: Bring together diverse coastal stakeholders to focus on how ecosystem resilience can build local community resilience. We don't necessarily have to have a "thing" to work on but will take on projects as appropriate and mutually agreed on. Website: <https://deq.nc.gov/coastal-resilience-cop>

Agenda

- 1:00pm Welcome & Introductions
- 1:15pm [Climate Change and Onsite Wastewater Treatment Systems in the Coastal Carolinas](#) – Jane Harrison, NC Sea Grant
