

The following is a list of expected species in the Kitty Hawk Woods Preserve. Note that many species are only seen seasonally, and that the list is not complete. It is possible to see birds not on this list, *but* this list does include birds that one could reasonably expect to see in any given year. The list includes forested areas, the creek, and also the Albemarle Sound and Kitty Hawk Bay Islands.

Waterfowl

Snow Goose

Canada Goose

Wood Duck

Mallard

American Black Duck

Blue-Winged Teal

Red Breasted Merganser
