Re: Report on the "Coastal Storm Damage Mitigation Fund (§143-215.73M)"

To Whom It May Concern:

As per §143-215.73M, annually the Department of Environmental Quality is required to provide a report on the projects funded from the "Coastal Storm Damage Mitigation Fund." The law appropriating these funds requires the Department make annual reports that include project type, project location, brief project description, entity receiving the funding, and amount of funding provided. Attached is the report including projects funded in FY 2019-2020, FY 2020-2021, and FY 2021-2022.

This report was prepared by Kevin Hart with the Division of Water Resources in the Department of Environment Quality. If you have questions about this report, please contact me by email at Kevin.Hart@ncdenr.gov or by phone at 919-707-3607.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin Hart", is written over a light blue grid background.

Kevin Hart
