

# CONSTRUCTION MATERIALS REPORT LEAD AND COPPER RULE

*Note: This form must be completed by the system owner or designated person in responsible charge.*

<b>Water System Name:</b>		<b>Water System Number:</b>
<b>Owner:</b>		<b>County:</b>
<b>Address:</b>	<b>City:</b>	<b>State and Zip Code:</b>

This form is to be used to report the construction materials exposed to the drinking water in the piping system of your public water supply system to the Public Water Supply Section as per 15A NCAC 18C Section .1507 (§141.42). Please check each box indicating the type of construction materials present in your distribution system, service lines, and home plumbing. If any other material is present in the system, list the material in the field marked "Other". Complete and return the form to the Lead and Copper Rule Manager at the address located at the bottom of the page. **Complete one (1) form for your entire distribution system, service lines, and home plumbing.**

*Please keep a copy for your records.*
