Re: Report on the "Coastal Storm Damage Mitigation Fund (§143-215.73M)"

To Whom It May Concern:

As per §143-215.73M, annually the Department of Environmental Quality is required to provide a report on the projects funded from the "Coastal Storm Damage Mitigation Fund." The law appropriating these funds requires the Department make annual reports that include project type, project location, brief project description, entity receiving the funding, and amount of funding provided. Attached are reports covering FY 2019-2020 and FY 2020-21.

This report was prepared by Kevin Hart with the Division of Water Resources in the Department of Environment Quality. If you have questions about this report, please contact me by email at Kevin.Hart@ncdenr.gov or by phone at 919-707-3607.

Sincerely,

A handwritten signature in black ink that reads "Kevin Hart".

Kevin Hart
