2019 North Carolina VW Settlement Program
Phase 1 Diesel Bus and Vehicle Programs Application

Project Details (Questions 1-5 are required. The applications with "see attached" in lieu of complete applications will NOT be considered. Optional attachments should use the naming structure detailed in the Required Attachments section.)

1. Please provide a detailed description of the proposed project.

2. Explain how this request fits into North Carolina's Beneficiary Mitigation Plan.

3. What is the likelihood that the project will incentivize future indirect NOx and other emission reductions? That is, will this be the beginning or continuation of a transition of the fleet to an alternative fuel or electricity? If so, please provide details.

4. Are there any societal co-benefits of the project? Are there any “sensitive” populations including, but not limited to asthmatics, children, or the elderly that are likely to be directly benefited by the project?

5. Project Feasibility: Provide a description of how you as the applicant have the necessary technical, managerial, procurement, and financial capability and experience to execute on your proposed project.

6. Use this space for any additional information that you believe will be helpful in evaluating the project.
(Optional)

Certification

The undersigned is an official authorized to represent the applicant. The person signing this document must have the authority to legally bind the applicant or be the designated fiscal agent.

I certify that all proposed activities will be carried out; that all money received will be utilized solely for the purposes for which it is intended; that records documenting the planning process and implementation will be maintained and submitted when requested, and DEQ is hereby granted access to inspect project sites and/or records. It is understood that if this project is selected a contract with DEQ will be executed. I further attest that at least 70% of the equipment's operation will occur in North Carolina for the next 5 years.
