Raleigh, NC 27604

Call Jeff Warren for questions about directions, parking and room location at (919) 306-2262 (mobile) or (919) 733-2293 ext 241 (office).

## MEETING AGENDA

- 10:00 am Welcome, introductions, and announcements  
(Margery Overton, CRC Science Panel Chair)
- 10:10 am Discussion on CRC Terminal Groin report  
(Margery Overton, CRC Science Panel Chair)  
The final TG report has been submitted to CRC. The purpose of this discussion is to identify issues that the Panel would like to make available to the CRC prior to their TG steering committee meeting (March 18<sup>th</sup>) or their full meeting at Sunset Beach (March 25<sup>th</sup>). Comments may be sent via memo to the CRC or made in person by Dr. Overton who will be attending the CRC meeting for the TG discussion on March 25<sup>th</sup>.
- 11:30 Sea Level Rise white paper  
(Tancred Miller, DCM)  
Dr. Overton has taken the lead on writing the Science Panel's sea level rise report for the CRC. This discussion will focus on finalization of the draft report sent via email.
- 12:30 pm Lunch on your own
- 1:15 pm Discussion on Inlet Hazard Area project  
(Jeff Warren, DCM)  
This discussion will focus on the Science Panel's IHA Subcommittee methods and results related to the 30-year hazard line calculation inside the proposed IHA boxes at the State's 12 developed inlets
- 2:45 pm Old and new business
- 3:00 pm Adjourn
