Dear Senator Brown and Representative Arp:

On behalf of the North Carolina Department of Environmental Quality (NCDEQ), please find enclosed a flash drive containing documents in response to your November 16, 2018 public records request. This production contains documents collected from NCDEQ staff which are responsive to your request and meet the definition of a public record as described in N.C. Gen. Stat. § 132-1 et seq.

Additional files responsive to your request are available on NCDEQ's public Laserfiche website in the DEQ Atlantic Coast Pipeline folder located at:

<https://edocs.deq.nc.gov/WaterResources/Browse.aspx?isTimeout=1&dbid=0>

NCDEQ is working diligently to identify, review, and produce additional responsive documents. Any newly identified documents will be made available to you as they are collected and processed.

Reasonable efforts have been made to ensure that no privileged or protected information has been disclosed. However, NCDEQ reserves its right to assert any and all applicable privileges or protections with regard to any such documents which may be, or may have been, inadvertently disclosed. Any disclosure by NCDEQ is not intended to and should not be construed as a waiver with regard to the disclosed document or any related documents or subject matter.
