NORTH CAROLINA SEDIMENTATION CONTROL COMMISSION  
COMMISSION'S TECHNICAL COMMITTEE  
APRIL 21, 2022  
ONLINE WEBEX MEETING

The North Carolina Sedimentation Control Commission's Commission Technical Committee met on April 21, 2022, at 3:30 p.m. online via WebEx. The following persons were in attendance for all or part of the meeting:

**COMMITTEE MEMBERS**

Mr. Mark Taylor (Chair)  
Ms. Karyn Pageau (Vice-Chair)  
Mr. AJ Lang  
Mr. Donald Pearson  
Mr. Steve Albright

**OTHERS**

Mr. Graham Parrish, Assistant State Sediment Specialist, DEMLR, DEQ  
Ms. Rebecca Coppa, Sediment Education Specialist, DEMLR, DEQ  
Mr. John Searby, Executive Director, Catawba Riverkeeper  
Mr. Brandon Jones, Riverkeeper, Catawba Riverkeeper

**Minutes:**

The meeting began at 3:30 pm.

Draft meeting minutes from 2/17/22 were approved by consensus.

Mr. Taylor introduced and handed the floor to Mr. John Searby and Mr. Brandon Jones of Catawba Riverkeeper. Their observation is that the smaller Local Programs, such as Gaston County who've they've worked with, only have the capacity to meet the State's minimum standards and not go above and beyond them. Mr. Taylor gave Mr. Searby and Mr. Jones an overview of what the purpose and scope of the Committee is and suggested they approach the Commission's Ad-hoc committee as they are more focused on policy issues.

Mr. Taylor moved on to work group updates and began by saying that he doesn't know what Ms. Norton's progress is but that he has gotten his two sections to draft point. Mr. Pearson gave an update saying that they've completed the sediment trap and basin reviews and updates, and they are ready for review. Ms. Pageau gave the update for her and Mr. Lang

saying that they are about done with Temporary Stream Crossings and are about ready to move on to construction entrances.

Mr. Taylor opened the floor to discussion and began by reviewing a folder system he created in the DEQ File Drop site within a folder named "Workgroup Output for Reviews". He explained the folder structure and proposed process, but the editorial board will discuss and refine it. He asked the work groups to place any practice standards ready for review in the appropriate folder under "InBox".

The next regularly scheduled meeting is scheduled for 2:00 – 3:30pm on May 20, 2022.

Mr. Taylor adjourned the meeting at 5:00 pm
