Have you ever held a landman registration or similar license in another state?

I have held the following certifications/licenses:

- Certified Petroleum Geologist #2978 (AAPG – 40 Year Member)
- Texas Board of Professional Geoscientist License #5279 (through 2013)

I'm an oil and gas professional with more than thirty five years of diversified experience with major and leading independent energy producers and as an industry consultant. This work involved all phases of exploration and development working with multidisciplinary teams, including the directing of land and leasing activities.

I am also a member of various Geoscience and oil and gas organizations.
