YARD WASTE

SAMPLE CAN BE CUSTOMIZED

YARD WASTE: Leaves, plant materials, grass clippings, brush and limbs.
BAG IT. BIN IT. BUNDLE IT.

DO THIS:

- Use paper bags, boxes or trash cans no larger than 32 gallons sealed shut or with a lid.
- Use twine or string to tie limbs in bundles no wider than 14 inches and no longer than 4 feet.
- Make sure yard waste weighs 30 pounds or less when you bag it, bin it or bundle it.
- Place your yard debris in the right-of-way on your own property — not on the street.

NOT THIS:

- Do not use plastic bags!
- Do not put stumps or items wider than 6 inches or heavier than 30 pounds with your yard waste.
- Do not place yard waste on the curbside earlier than 72 hours prior to collection day as it is prohibited by town ordinance.

TIPS:

- Meet yard waste requirements by splitting or sawing larger debris.
- Purchase yard waste bags locally or at the town hall.
- Arrange to take scrap lumber and larger items to an approved county disposal site.
