

# Company A Environmental Policy

Company A is the manufacturer and distributor of the finest porcelain products in the world. We will demonstrate our environmental commitments to:

- Prevent pollution, protect natural resources and reduce waste
- Comply with all applicable environmental legislation and regulations
- Continually improve and review our environmental objectives

Management will fully support this ISO 14001 Environmental Management System (EMS) and ensure that all employees understand the meaning and importance of this policy

The Company A operations will be sustainable through the efforts of the EMS Team and Top Management working to reduce our environmental footprint.
