45. \*If you checked commingled, which material recovery facility (MRF) does your community use?

- A MRF is the plant that separates commingled recyclables into marketable commodities (paper, plastic, metals, glass)
- a. Do you have a formal contract with the MRF? Yes X No If yes, what month/year does it expire?
- b. Do you know your inbound contamination level at your MRF? Yes X No
   *Inbound contamination is the amount of non-recyclable materials in commingled loads delivered to the MRF.* If yes, what is the inbound contamination percentage?

46. **RECYCLING TONNAGE AS A RESULT OF POLICY OR ORDINANCE:** complete this section for materials that were recycled as a result of local government ordinances or policies but that were NOT collected or managed directly by your local government recycling program. E.g. a cardboard disposal ban results in private cardboard recycling (and you have a way to track the tons collected)

Material Type	Tons Diverted	Describe the mechanism that caused these materials to be recovered and data collection method

## Part III. Special Waste Collections

Please provide data below for services provided to the public. Please do not include materials that were accepted and then disposed of in a landfill. Do not include materials generated exclusively by government operations (e.g. motor-fleet services). Question 47 is about materials accepted outside of any Household Hazardous Waste (HHW) Program or event. If special wastes were <u>only</u> accepted as a part of an HHW Program/Event and were not collected by separate recycling efforts then report in #48, <u>not</u> in #47.

Special wastes are materials collected at convenience centers, transfer stations, landfills, etc. Do not include materials collected at household hazardous waste permanent collection facilities or household hazardous waste temporary collection events.

Use this section to elaborate on any info provided in your report as necessary. Have there been major changes to your recycling or solid waste program since last year? Do you expect upcoming changes to your programs? How were your programs affected by COVID-19? Do you have new or updated ordinances that affect your programs? You may submit additional sheets if needed.								
SS notes: #44 School recycling moved to Commingled row in Other column. Removed electronics because taken to County. #47 Removed Used Tires. These should go to County and do not belong in Special Waste table								
Question #43-#44 School Recycling: We have continued to collect recyclables from schools inside the city limits. The weight has been calculated using the "Volume to Weight Conversion Factors US Environmental Protection Agency - Office of Resource Conservation and Recovery of 111 pounds per cubic yard. The weight was added into the amounts listed in #44. Each of the schools have commercial accounts with the city for recycling services. The principals at each school oversee the recycling efforts at their school. The college program is managed by their maintenance department.								
List of schools are: Sycamore Lane Primary - Sycamore Lane, Laurinburg NC 28352 Covington Street Primary - W Covington Street, Laurinburg NC 28352								

St. Andrews College - Dogwood Mile, Laurinburg NC 28352
