Raleigh, NC 27699-1646

All data submitted by the applicant is part of the administrative record and available at <https://deq.nc.gov/about/divisions/waste-management/laserfiche>. Documents may be located by using the EPA ID# . The draft renewal permit and factsheet can be found online at: <https://deq.nc.gov/public-notices-hearings> under the Division of Waste Management.

A summary of the Hazardous and Solid Waste Amendments permit follows:

The Former GSK-South campus at 3029 E. Cornwallis Road, RTP is the Resource Conservation and Recovery Act (RCRA) permitted site at which GlaxoSmithKline LLC (GSK) will continue to conduct remediation of soil and groundwater contamination. GSK vacated the site in 2011, but is obligated to continue site remediation under RCRA corrective action requirements detailed in the hazardous waste permit and regulations. The property is currently owned by the following: ARE-NC Region No. 2, LLC; and ARE-NC Region No. 25, LLC; and DPR RTP GENESIS, LLC. The owners are redeveloping the property under a Brownfields agreement.

All comments received during the public comment period or at the hearing will be considered in the decision regarding this hazardous waste permit. Comments received after the public comment period ends will not be considered. The statutory authority for calling the permit hearing is G.S. 130A-294(f). Applicable State rules are found in the North Carolina Hazardous Waste Management Rules 15A NCAC 13A .0105, .0109, and .0113. These rules adopt the requirements of the Federal Resource Conservation and Recovery Act as amended by the Hazardous and Solid Waste Amendments of 1984.
