Project Description: The proposed project includes the following improvements to the City's sanitary sewer collection system and the City's water distribution system:

- Sewer system improvements include replacement of approximately 2,500 LF of existing 4-inch and 6-inch gravity sewer with 2,500 LF of 8-inch gravity sewer, 85 LF of 12-inch, and 1,600 LF of 15-inch, and 13 manholes; rehabilitation of 4,150 LF of 8-inch gravity sewer via CIPP; and lining of approximately 30 manholes; and
- Water distribution system improvements include installation of approximately 5,000 LF of 6-inch water line to replace existing 2-inch, 4-inch, and 6-inch water lines; replacement of approximately 635 LF of 8-inch water line; and related valves, hydrants, services, and necessary appurtenances.

The above named applicant will receive funding assistance from the State Revolving Fund. The North Carolina Division of Water Infrastructure (Division) has conducted a review of the project in accordance with the NCGS §159G-38. The Division has determined that this project is below the minor construction activities threshold outlined in 15A NCAC 01C .0408; therefore, the project is exempt from inter-agency review, and the preparation of additional environmental documents is not required.

This determination shall become effective upon its distribution by the Division and will be available on the Division's website (<https://deq.nc.gov/about/divisions/water-infrastructure/division-water-infrastructure/environmental-documents>). This determination can be revoked at any time adverse information is made available. The documentation to support this decision will be on file with the North Carolina Department of Environmental Quality, Division of Water Infrastructure, and is available for public scrutiny upon request.

Comments concerning this decision may be addressed to Ms. Jennifer Haynie, Environment and Special Projects Unit, Division of Water Infrastructure, 1633 Mail Service Center, Raleigh, North Carolina 27699, or she can be reached by phone at (919) 707-9173.
