North Carolina Division of Water Infrastructure

Project Applicant: City of Hickory
Date: May 7, 2020
Project Number: CS370389-22
Estimated Project Cost: \$5,286,354
Estimated Funding Amount: \$5,182,700

Project Description: The proposed project includes the following improvements in the City's Murray Basin sewer system:

Maybrook Pump Station: Installation of a 194 GPM duplex submersible pump station and approximately 8,000 LF of 4-inch FM.

Section House Pump Station: Replacement of approximately 6,000 LF of 8-inch with 12-inch gravity sewer and 16 MH's; rehabilitation of two (2) MH's; and installation of a 1,476 GPM duplex submersible pump station and 18,000 LF of 12-inch FM.

The above named applicant will receive funding assistance from the State Revolving Fund. The North Carolina Division of Water Infrastructure (Division) has conducted a review of the project in accordance with the NCGS §159G-38. The Division has determined that this project is below the minor construction activities threshold outlined in 15A NCAC 01C .0408; therefore, the project is exempt from inter-agency review, and the preparation of additional environmental documents is not required.

This determination shall become effective upon its distribution by the Division and will be available on the Division's website (<https://deq.nc.gov/about/divisions/water-infrastructure/division-water-infrastructure/environmental-documents>). This determination can be revoked at any time adverse information is made available. The documentation to support this decision will be on file with the North Carolina Department of Environmental Quality, Division of Water Infrastructure, and is available for public scrutiny upon request.

Comments concerning this decision may be addressed to Ms. Jennifer Haynie, Environment and Special Projects Unit, Division of Water Infrastructure, 1633 Mail Service Center, Raleigh, North Carolina 27699, or she can be reached by phone at (919) 707-9173.

Sincerely,

Anita E Robertson
