PROCLAMATION

RE: CRAB TRAWLING AND TAKING SHRIMP WITH NETS – ATLANTIC OCEAN AND CENTRAL AND NORTHERN REGIONS

This proclamation supersedes proclamation SH-1-2021, dated May 14, 2021. This proclamation specifically describes areas open to the taking of blue crabs with trawls and shrimp with nets in the central and northern coastal regions from Marker 45 near Bogue Inlet to the North Carolina-Virginia border in Coastal Fishing Waters including the Atlantic Ocean. This proclamation closes Bogue Sound, excluding the Intracoastal Waterway, to trawling in accordance with Amendment 2 to the Shrimp Fishery Management Plan.

Kathy B. Rawls, Director, Division of Marine Fisheries, hereby announces that effective at **5:01 P.M., Sunday, May 15, 2022**, all Coastal Fishing Waters north of Marker 45 near Bogue Inlet to the North Carolina-Virginia border will close to crab trawling and the taking of shrimp with nets (**excluding recreational cast nets**) except as specified below.

I. MEANS AND METHODS

- A. It is unlawful to take crabs with trawls except in areas specified in Section III.
- B. It is unlawful to take shrimp with nets except:
 - 1. Shrimp and crab trawls, seines, and cast nets (commercial cast nets only) in areas specified in Section III;
 - 2. Cast nets used for recreational purposes in all Coastal Fishing Waters;
 - 3. Pound nets permitted in accordance with N.C. Marine Fisheries Commission Rule 15A NCAC 03J .0502;
 - 4. Pound nets authorized for use in accordance with N.C. Marine Fisheries Commission Rule 15A NCAC 03O .0302;
 - 5. Channel nets in accordance with N.C. Marine Fisheries Commission Rule 15A NCAC 03J .0106;
 - 6. Fyke nets in accordance with N.C. Marine Fisheries Commission Rule 15A NCAC 03J .0111.

See Section IV, General Information D., E., F., G., I., N., and P. below for further restrictions on taking shrimp with nets.

II. RESTRICTIONS

- A. It is unlawful to sell shrimp except for shrimp taken from areas specified in Section III.
- B. It is unlawful to possess commercial quantities of other species or commercial gear while using a cast net to take shrimp except from areas specified in Section III.

III. AREAS

All primary, permanent secondary, and special secondary nursery areas and trawl nets prohibited areas in the waterbodies listed below are closed to the taking of shrimp with seines

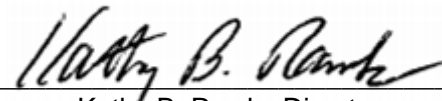

and cast nets except as noted in Section IV. N. below and, for special secondary nursery areas, until the areas are opened to trawling in accordance with N.C. Marine Fisheries Commission Rule 15A NCAC 03N .0105.

- IV. **GENERAL INFORMATION:**
- A. This proclamation is issued under the authority of N.C.G.S. 113-134; 113-134.1; 113-170.4; 113-170.5; 113-182; 113-182.1; 113-221.1; 143B-289.52 and N.C. Marine Fisheries Commission Rules 15A NCAC 03H .0103; 03L .0101, .0201, and .0202.
 - B. In accordance with N.C. Marine Fisheries Commission Rule 15A NCAC 03H .0103 it is unlawful to violate the provisions of any proclamation issued by the Fisheries Director under their delegated authority.
 - C. **All other existing shrimp/crab trawl rules and proclamations remain in effect.** See <http://portal.ncdenr.org/web/mf/proclamations-current> to refer to those SH-type proclamations for shrimp/crab trawl regulations that may be effective in the areas covered by this proclamation.
 - D. Proclamation [SH-3-2019](#) dated May 14, 2019, describes gear configuration requirements in areas where combined headrope lengths up to 220 feet in shrimp trawls are allowed. Proclamation [SH-4-2019](#) dated May 14, 2019, describes gear configuration requirements in areas where combined headrope lengths up to 90 feet in shrimp trawls are allowed. **Beginning July 1, 2022**, proclamation [SH-1-2022](#) dated March 16, 2022, describes gear configuration requirements in areas where combined headrope lengths up to 220 feet in shrimp trawls are allowed. **Beginning July 1, 2022**, proclamation [SH-2-2022](#) dated March 16, 2022, describes gear configuration requirements in areas where combined headrope length up to 90 feet in shrimp trawls are allowed. **Beginning July 1, 2022**, proclamation [SH-3-2022](#) dated March 16 2022, describes gear configuration requirements in the Atlantic Ocean. Proclamation [FF-55-2012](#) dated November 9, 2012 limits the amount of weakfish bycatch that can be taken with shrimp or crab trawls to 50 percent of equal weight of combined catch, but no more than 100 pounds.

- E. **N.C. Marine Fisheries Commission Rule 15A NCAC 03L .0103 (c) describes the areas in which it is unlawful to take shrimp with trawls with a combined headrope length greater than 90 feet (mouths of the Neuse and Pamlico rivers, all of Bay River, Croatan Sound area and south of Pamlico Sound).**
- F. **N.C. Marine Fisheries Commission Rule 03L .0103 (d) describes areas in which it is unlawful to take shrimp with trawls with a combined headrope length greater than 220 feet (lower mouth areas of the Neuse and Pamlico rivers and Pamlico Sound).**
- G. In accordance with N.C. Marine Fisheries Commission Rule 15A NCAC 03O .0303 (f) it is unlawful to possess more than 96 quarts (heads on) or 60 quarts (heads off) of shrimp if more than one person aboard a vessel possesses a valid Recreational Commercial Gear License.
- H. Proclamation M-12-2022 dated May 11, 2022, describes the boundaries and gear and harvest restrictions for Crab Spawning Sanctuaries in accordance with Amendment 3 to the N.C. Blue Crab Fishery Management Plan and Amendment 2 to the North Carolina Shrimp Fishery Management Plan. Crab Spawning Sanctuaries are closed to trawling.
- I. In accordance with N.C. Marine Fisheries Commission Rule 15A NCAC 03J .0104(b)(6) trawls are prohibited in designated pot areas opened to the use of pots by Rule 15A NCAC 03J .0301(a)(2) and bound by the shoreline to the depth of six feet as described in Rule 15A NCAC 03R .0107(a)(5), (a)(6), (a)(7), (a)(8), and (a)(9) from June 1 through November 30.
- J. **Hatched areas on the attached maps indicate those areas closed to shrimp and crab trawling, seines and cast nets except as specified in and IV. N.**
- K. In accordance with N.C. Marine Fisheries Commission Rule 15A NCAC 03I .0121 the Division of Marine Fisheries will mark the areas to be opened with signs insofar as may be practical. No unauthorized removal or relocation of any such sign shall have the effect of changing the area opened, nor shall any such unauthorized removal or relocation or the absence of any sign affect the applicability of this proclamation. Where there is conflict between signs and boundary descriptions, boundary descriptions shall prevail.
- L. In accordance with N.C. Marine Fisheries Commission Rule 15A NCAC 03J .0104 (f) it is unlawful to use shrimp trawls for the taking of blue crabs in internal waters, except that it shall be permissible to take or possess blue crab incidental to commercial shrimp trawling provided the total weight of blue crabs shall not exceed 50 percent of the total weight of the combined blue crab and shrimp catch; or 300 pounds, whichever is greater.
- M. Taking shrimp with pots is not governed by this proclamation. In accordance with N.C. Marine Fisheries Commission Rule 15A NCAC 03J .0301 shrimp pots may be used to take shrimp.
- N. Proclamation SH-4-2022 limits the recreational harvest of shrimp with cast nets to 48 quarts, heads on, or 30 quarts, heads off, per person per day or if a vessel is used, per vessel per day in all Coastal Fishing Waters.
- O. **N.C. Marine Fisheries Commission Rules 15A NCAC 03J .0104 and 03L .0202 place further restrictions on areas, gear, seasons and time for the taking of crabs with nets.**
- P. **N.C. Marine Fisheries Commission Rules 15A NCAC 03J .0104 and 03L .0102 and .0103 place further restrictions on areas, gear, seasons and time for the taking of shrimp with nets.**
