- B. It is unlawful to violate the provisions of any proclamation issued by the Fisheries Director under their delegated authority pursuant to N.C. Marine Fisheries Commission Rule 15A NCAC 03H.0103.
- C. The restrictions in this proclamation also apply to gill nets used by Recreational Commercial Gear License holders except the allowed yardage in Section III. The allowed yardage for Recreational Commercial Gear License holders is described in N.C. Marine Fisheries Commission Rule 15A NCAC 03O .0302.
- D. **All other existing gill net rules and proclamations remain in effect.** See <http://portal.ncdenr.org/web/mf/proclamations-current> to refer to those M-type proclamations for gill net regulations that may be effective in the areas covered by this proclamation.
- E. Proclamation M-3-2014, dated February 3, 2014 prohibits the setting of gill nets in the Joint Fishing Waters of the state from midnight on Friday to midnight on Sunday each week. Portions of Albemarle and Currituck sounds are exempt from that provision.

These ITPs allow the legal continuation of the inshore gill net fisheries in North Carolina, subject to permit conditions. The ITP conditions are designed to avoid, minimize and mitigate interactions with these species. Permit conditions require the division to provide 7-10 percent observer coverage in the large mesh anchored gill net fishery and 1-2 percent observer coverage in the small mesh anchored gill net fishery in internal coastal waters. **If the required coverage is not maintained, large and**

small mesh anchored gill nets could be prohibited in all Internal Coastal Fishing Waters.
