PROCLAMATION

RE: STRIPED BASS – RECREATIONAL – ATLANTIC OCEAN FROM OCRACOKE INLET NORTH TO THE NORTH CAROLINA/VIRGINIA STATE LINE – HARVEST TAGGING AND REPORTING

This proclamation implements tagging and reporting requirements for recreational striped bass harvest from the Atlantic Ocean (Ocracoke Inlet to the North Carolina/Virginia state line) from May 8, 2022 through October 31, 2022. It maintains for recreational striped bass the existing harvest slot limit of 28 inches to less than 35 inches total length, one fish per person daily possession limit, and the requirement to use circle hooks when using natural bait.

Kathy B. Rawls, Director, Division of Marine Fisheries, hereby announces that effective at 12:01 A.M., Sunday, May 8, 2022, the following restrictions will apply to the **recreational harvest of striped bass in the Atlantic Ocean Coastal Fishing Waters of North Carolina from Ocracoke Inlet to the North Carolina/Virginia state line:**

I. TAGGING REQUIREMENTS

- A. It is unlawful to possess striped bass landed from the Atlantic Ocean Coastal Fishing Waters of North Carolina from Ocracoke Inlet (35° 04.4333N latitude) to the North Carolina/Virginia state line **without having a landing tag affixed through the mouth and gill cover before leaving the site of landing.** Striped Bass taken from trailered vessels shall have the landing tag affixed before the vessel is removed from the water.
- B. It is unlawful to fail to accurately complete division catch cards to obtain a landing tag, except as noted in Section III. F. and G. below.

II. TAGGING REQUIREMENT EXPIRATION

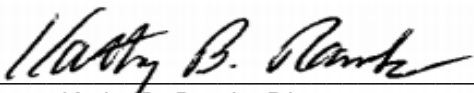

The requirement for landing tags and catch cards will end at 12:01 A.M. Monday, October 31, 2022.

III. GENERAL INFORMATION

- A. This proclamation is issued under the authority of N.C.G.S. 113-134; 113-134.1, 113-170.4; 113-170.5; 113-182; 113-182.1; 113-221.1; 143B-289.52 and N.C. Marine Fisheries Commission Rule 15A NCAC 03M .0512.
- B. It is unlawful to violate the provisions of any proclamation issued by the Director under their delegated authority pursuant to N.C. Marine Fisheries Commission Rule 15A NCAC 03H .0103.
- C. The intent of this proclamation is to manage the recreational harvest of striped bass in the Atlantic Ocean in compliance with Atlantic States Marine Fisheries Commission Interstate Fisheries Management Plan for Atlantic Striped Bass and establish a tagging and reporting requirement to determine the recreational striped bass harvest from the Atlantic Ocean from Ocracoke Inlet to the North Carolina/Virginia state line during the months of May–October. This proclamation provides for a tagging and reporting

requirement for recreational striped bass harvest (catch cards) taken from the Atlantic Ocean north of Ocracoke Inlet to the North Carolina/Virginia state line from May 9 through October 31, 2022 but does not change any existing size and creel limits or season requirements.

- D. **Refer to proclamation [FF-1-2021](#) for existing size, creel limit, and circle hook requirement with natural bait for the Atlantic Ocean recreational striped bass fishery.**
- E. Catch cards and landing tags may be obtained at North Carolina Striped Bass Reporting Stations. Landing tags and catch cards will also be available at all Atlantic Ocean Fishing Piers and most tackle shops in the Northern District (Outer Banks). North Carolina Division of Marine Fisheries Recreational Port Agents will also serve as Mobile Reporting Stations. Landing tags may be obtained in exchange for a completed catch card. The following information must be included on each catch card submitted: (1) Date, (2) Reporting station, (3) For-Hire Permit number (if applicable), (4) Vessel name, (5) Trip type (charter boat, private boat, or head boat), (6) Tournament (Yes or No), (7) Length- total length (inches), Weight (pounds), and (8) Tag number.
- F. Holders of any valid North Carolina For-Hire Licenses may apply for on-board catch card and landing tag materials to allow self-reporting. License holders will be contacted by Marine Fisheries Recreational Port Agents each month to reconcile landings tags used and catch cards completed. To obtain an on-board tagging kit, contact Dallis Tucker (Dallis.Tucker@ncdenr.gov). Telephone: 800-338-7804 or 252-946-6481.
- G. Surf anglers and those arriving after North Carolina Striped Bass Reporting Station office hours may contact the DMF 24 hour toll free number 800-682-2632 or 252-726-7021 to report their catch. A verification number will be provided to the vessel operator, Captain, or surf angler to keep for reporting compliance purposes. This method of reporting is restricted to surf anglers and after office hours landings only.
- H. All striped bass not within the harvest slot limit or over the daily creel limit shall be immediately returned to the waters where taken regardless of the condition of the fish.
- I. In accordance with 15A NCAC 03O .0303, recreational size and creel limits apply to holders of Recreational Commercial Gear License.
- J. In accordance with N.C. General Statute 113-221.1(c) All persons who may be affected by proclamations issued by the Fisheries Director are under a duty to keep themselves informed of current proclamations.
- K. Contact the N.C. Division of Marine Fisheries, P.O. Box 769, Morehead City, NC 28557 252-726-7021 or 800-682-2632 for more information or visit the division website at www.ncmarinefisheries.net.
- L. **This proclamation implements tagging and reporting requirements for recreational striped bass harvest from the Atlantic Ocean (Ocracoke Inlet to the North Carolina/Virginia state line) from May 8, 2022 through October 31, 2022. It maintains for recreational striped bass the existing harvest slot limit of 28 inches to less than 35 inches total length, one fish per person daily possession limit, and the requirement to use circle hooks when using natural bait.**
