- B. It is unlawful to violate the provisions of any proclamation issued by the Fisheries Director under their delegated authority pursuant to N.C. Marine Fisheries Commission Rule 15A NCAC 03H .0103.

- D. The Gulf of Mexico and South Atlantic Fishery Management Councils approved Amendment 20A to the Fishery Management Plan for Coastal Migratory Pelagics prohibiting the sale of king and Spanish mackerel caught under the bag limit without a valid federal commercial permit. An exemption was made to allow sale of fish from state-permitted recreational fishing tournaments that donate all money from the sale to charity. The amendment also eliminates the income qualification requirements for Commercial King and Spanish Mackerel Permits. The amendment and final rule implementing the regulations is located at: <https://safmc.net/fishery-management-plans/coastal-migratory-pelagics/>.
- E. Vessels holding both a valid National Marine Fisheries Service Atlantic Charter/Head boat Coastal Migratory Pelagics Permit and either a valid National Marine Fisheries Service Commercial Spanish Mackerel Permit OR Commercial King Mackerel Permit are considered to be operating as a charter boat/head boat when fishing with more than three persons (including captain and mate) onboard (see 50 CFR § 622.2).
