

CARTERET COUNTY PUBLIC HEARING FOR PROPOSED SHELLFISH LEASES: July 17, 2024

Submitted	First Name	Last Name	State	Please type your comments in the box below:
6/12/2024 21:43	Christian	Bayer	NC	This lease falls under the core sound moritorium. I was denied the chance to get a lease in oyster Creek because of these same reasons and never even made it this far through the process. The fact that this lease is able to be proposed and even make it this far through the application is absurd and demeaning to the hard working men and women that don't get this same opportunity.
6/12/2024 21:48	Christian	Bayer	NC	I retract my last comments. It was hard to understand with the information that was available to me that the lease is already established and they're just wanting to turn the rest of it to a water column. I was under the impression this was a whole new lease application.

7/18/2024 @ 5PM End of comments, none submitted during 30 day comments period.
