MEMORANDUM

TO: N.C. Marine Fisheries Commission
FROM: Captain Garland Yopp, Marine Patrol, Eligibility Board Chair
SUBJECT: Standard Commercial Fishing License Eligibility Pool Determination

Issue

Determine number of licenses available to the Standard Commercial Fishing License (SCFL) Eligibility Pool.

Action Needed

A vote by the commission is needed to set the number of available licenses in the Eligibility Pool.

Overview

An individual who does not hold a Standard Commercial Fishing License but wants to purchase a license through the Division of Marine Fisheries can apply to receive the license through the Eligibility Pool process. The application goes before a board which determines if the applicant is qualified based on criteria set out in rule. The number of licenses available in this pool is set annually by the commission.

Session Law 1998-225, Section 4.24(f) states that “the number of SCFLs in the pool of available SCFLs in license years beginning with the 2000-2001 license year is the temporary cap less the number of SCFLs that were issued and renewed during the previous license year.” The temporary cap was set at the number of valid Endorsements to Sell as of June 30, 1999 (8,396 licenses), plus an extra 500 licenses to be included in the Eligibility Pool (8,896 total licenses).

For the 2023-2024 license year, the number of licenses available through the Eligibility Board is 3,483. This number accounts for licenses issued in the 2022-2023 license year and the number of approvals from the Eligibility Board from 2022-2023 that still have the option to purchase a license before June 30, 2024. Individuals approved in the fall (September/October) must purchase their license by June 30 of the same license year, but

those approved in the spring (April) have until June 30 of the following license year to purchase their license.

Session Law 1998-225, Section 4.24(f) also states “the Commission may increase or decrease the number of SCFLs that are issued from the pool of available SCFLs. The Commission may increase the number of SCFLs that are issued from the pool of available SCFLs up to the temporary cap. The Commission may decrease the number of SCFLs that are issued from the pool of available SCFLs but may not refuse to renew a SCFL that is issued during the previous license year and that has not been suspended or revoked. The Commission shall increase or decrease the number of SCFLs that are issued to reflect its determination as to the effort that the fishery can support, based on the best available scientific evidence.”

From July 1, 2022, to June 30, 2023, the Board received 33 applications and approved 23 of them. This was a 30% decrease in approved applications from the 2021-2022 license year. So far, there are 10 pending applications for review at the fall Eligibility Board meeting.

Over the past several years, the commission has voted to make the number of available licenses in the Eligibility Pool different from the total number of licenses left in the cap. Below is a summary of the licenses made available to the pool by the commission since the 2013-2014 license year (Table 1).

Table 1. Number of licenses available and number of licenses approved by the commission in the SCFL Eligibility Pool, 2013-2014 license year through 2023-2024 license year.

License Year (fiscal year)	Number of Licenses Available	Number of Licenses Approved by MFC
2013–2014	1,368	1,368
2014–2015	1,257	1,257
2015–2016	1,238	1,238
2016–2017*	2,417	100
2017–2018	2,592	1,500
2018–2019	2,723	500
2019–2020	2,973	500
2020–2021	3,064	500
2021-2022	3,198	500
2022-2023	3,340	500
2023-2024	3,483	TBD

*Calculation to determine number of available licenses changed

In summary, there are 3,483 licenses available to the Eligibility Pool for the 2023–2024 license year. The commission needs to determine the number of licenses it wants to place in the pool for the upcoming year.

Eligibility Pool Commission Report for 2023–2024 August 24, 2023

How the Pool Number is Determined:

Session Law 1998-225, Section 4.24(f).

(f) Adjustment of Number of SCFLs. The number of SCFLs in the pool of available SCFLs in license years beginning with the 2000–01 license year is the temporary cap less the number of SCFLs that were issued and renewed during the previous license year.

Role of the Marine Fisheries Commission:

Session Law 1998-225, Section 4.24(f).

(f) . . . The Commission may increase or decrease the number of SCFLs that are issued from the pool of available SCFLs. The Commission may increase the number of SCFLs that are issued from the pool of available SCFLs up to the temporary cap. The Commission may decrease the number of SCFLs that are issued from the pool of available SCFLs but may not refuse to renew a SCFL that is issued during the previous license year and that has not been suspended or revoked. The Commission shall increase or decrease the number of SCFLs that are issued to reflect its determination as to the effort that the fishery can support, based on the best available scientific evidence.

Temporary Cap:

The maximum number of SCFLs that can be issued is the number of valid Endorsements to Sell as of June 30, 1999 plus 500 for the first Eligibility Pool, for a total of 8,896.

Eligibility Board Pool Determination 2023–2024:

There are 3483 SCFLs available through the Eligibility Board for the 2023–2024 license year.

Eligibility Pool Determination Calculations For 2023–2024 License Year

Below is the current calculation used to determine the number of licenses available in the Eligibility Pool. Corrections were made to this calculation in August 2016 to prevent licenses already existing in the cap from being double counted and removed from the number of licenses remaining.

Licenses removed from the cap in this calculation include the number of SCFLs and RSCFLs issued and renewed in the 2022–2023 license year as well as any Eligibility Board approvals from the spring meeting. Those approved by the Eligibility Board in the spring have until the following license year to purchase their SCFL. These licenses are subtracted from the pool because they represent potential licenses available for purchase.

Current calculation:

Total Number of SCFLs Available in 2023–2024 License Year (Data run date: 7/11/2023)

1) Total original SCFLs available (Cap).....	8,896	
2) Less total number of SCFLs issued and renewed in 2022–2023.....	- 5412	
<hr/>		
3) Total number of SCFLs available in the pool for 2023–2024.....	3484	
4) Less total number of 2022–2023 approvals through Eligibility Pool not yet issued ¹	- 1	
<hr/>		
5) Total SCFLs available for the 2023–2024 license year.....	3483	

¹ Individuals approved in the spring (April 2023) have until June 30 of the following license year (2024) to purchase their SCFL.
