### Part III. Special Waste Collections

This section concerns local government programs for managing materials that require special handling or that are banned from landfilling. Please provide responses and data as indicated below considering services provided to the public. Please do not include data on materials that were accepted and then disposed of in a landfill. YARD WASTE MANAGEMENT FORMULA: If yard waste quantities are not tracked, you may use this formula below to help you estimate yard waste volume. Calculate for each truck used in your yard waste management program, and then enter the grand total volume managed by program in the appropriate boxes above.  
Ex. 10 yd³ truck x 3 days/wk x 16 wks = 480 yd³

\[
\text{Size of Truck (in yards)} \times \text{Avg. no. of times truck fills each week} \times \# \text{ of weeks truck is used during year} = \text{TOTAL} \text{ yd}^3

**Part IX. Comments**

Use this section to elaborate on any info provided in your report as necessary. We would appreciate your comments about this report or other matters regarding solid waste management in North Carolina. Thank you for your time. You may submit additional sheets if needed.

Residential Solid Waste and Recycling is provided under contract with Waste Management. The Village pay per household for residential solid waste and recycling therefore all cost is in collection cost since we have no way to separate out tipping fee portion of this as disposal.

We do pay per load for private landfill in our leaf, limb and grass pickup, this cost show up as disposal cost for leaf and limb collection.

Our residential solid waste and recycling contract and cost to dispose of bulk item is budgeted together. However the Village salary for bulk item pickup, leaf and limb, and e-recycle event is budgeted in salaries and other operating areas like gas and fuel in both our general fund and stormwater fund. Therefore, the budget number line 67 only includes the waste management contracts. The cost amounts in line 65 includes the salaries, gas and fuel, and repairs and maintenance for bulk items and leaf and limb collection.

House count for solid waste includes condos and townhomes since we provide that service by dumpster service.

Drop off for cardboard only.
