YARD WASTE MANAGEMENT FORMULA: If yard waste quantities are not tracked, you may use this formula below to help you estimate yard waste volume. Calculate for each truck used in your yard waste management program, and then enter the grand total volume managed by program in the appropriate boxes above.  Ex.  10 cubic yard truck x 3 days/wk x 16 wks = 480 cubic yards

\[
\text{Size of Truck (in yards)} \times \text{Avg. no. of times truck fills each week} \times \text{# of weeks truck is used during year} = \text{TOTAL cubic yards}

Question #31 through Question # 36: No electronics funds received by the county: From the listing Electronics Management Fund Distribution list -DH -

Question # 43-Plastic Bottle Collection lower than last year: Changes occurred to this program during the fiscal year. Because of a change in recycling vendor, the county's materials travel more road miles. The result is that Hoke County has had to more stringently screen its plastics. It no longer allows food containers, hard to recycle plastics, and bulky plastics into the materials stream, which has resulted in lower tonnages. (Email sent by county staff -11/16/2019 -DH)

Question # 43 TVS and other electronics: Significantly lower over last year as a result of market pressure. The county no longer recycles electronics that are not specified under state law. The number of CRT TVs collected has significantly dropped and lighter more manageable Flat Screen TVs have become more prevalent in the e-waste stream for Hoke County. (Email sent by county staff -11/16/2019 -DH)

Question # 44: More Details on Recycling Materials Destinations: Pratt Incorporated takes the plastic bottles. Omni Source of Raeford, NC takes the metals. (Email sent by county staff -11/16/2019 -DH)

Question # 51 - Yard Waste Destination: LCID Landfill at the Hoke County Transfer Station, 700 CC Steel Road, Raeford, NC (910-875-3111) - Historical note - DH -(11-14-2019)
