**Part III. Special Waste Collections**

Please provide responses and data as indicated below considering services provided to the public. Please do not include data on materials that were accepted and then disposed of in a landfill. Do not include materials generated exclusively by government operations (e.g. motor-fleet services). Question 47 is about materials accepted outside of any Household Hazardous Waste (HHW) Program or event. If special wastes were only accepted as a part of an HHW Program or HHW event and were not collected by separate recycling efforts then do not record materials in question #47 but instead report with HHW materials in question #48.

Special wastes are materials collected at convenience centers, transfer stations, landfills, etc. Do not include materials collected at household hazardous waste permanent collection facilities or household hazardous waste temporary collection events.

YARD WASTE MANAGEMENT FORMULA: If yard waste quantities are not tracked, you may use this formula below to help you estimate yard waste volume. Calculate for each truck used in your yard waste management program, and then enter the grand total volume managed by program in the appropriate boxes above. Ex. 10 cubic yard truck x 3 days/wk x 16 wks = 480 cubic yards

\[
\text{Size of Truck (in yards)} \times \text{Avg. no. of times truck fills each week} \times \text{# of weeks truck is used during year} = \text{TOTAL cubic yards}
\]

Part X. Comments

Use this section to elaborate on any info provided in your report as necessary. Have there been major changes to your recycling or solid waste program since last year? Has your program been affected by COVID-19? Do you have new or updated ordinances that affect your programs? You may submit additional sheets if needed.

- We take our recyclables to the Moore County Landfill. Moore County has a contract with Pratt for recycling.
- We partnered with the other entities noted in question 48-c for a one-day HHW event on 11/16/19. The cost noted in question 48-h was Pinehurst's allocation only. Household data and weight data for this event are included on Moore County's report and are therefore not shown on our report to avoid duplication.
- Received yard waste at the Public Services facility from October 15th to November 15th and from April 15th to May 31st.
- Total number of households and numbers participating in curbside recycling are as of June 30th, 2020.
- In March, we stopped our curbside collection of metal goods and other items not located in the carts due to COVID-19.
