### Part III. Special Waste Collections

Please provide responses and data as indicated below considering services provided to the public. Please do not include data on materials that were accepted and then disposed of in a landfill. Question 47 is about materials accepted outside of any Household Hazardous Waste (HHW) Program or event. If special wastes were only accepted as a part of an HHW Program or HHW event and were not collected by separate recycling efforts then do not record materials in question #47 but instead report with HHW materials in question #48.

Special wastes are materials collected at convenience centers, transfer stations, landfills, etc. Do not include materials collected at household hazardous waste permanent collection facilities or household hazardous waste temporary collection events.

Question 44- School Recycling - The county has taken full responsibility for the school recycling program (Email From B. LEGGETT of Richmond County on October 6, 2020 to David Hance) Moved 40 school recycling tons to commingled row (SS)

Question 51-Yardwaste from the Town of Ellerbe: Of the tonnage shown here for Richmond County, 221 tons came from Ellerbe. Two years ago DWM SWS discovered that the town was out of compliance with it's yard-waste management and was operation an area without a certificate. In 2019 the town suspended its yard-waste. It would appear that the town is now sending its yard-waste to the landfill (David Hance - November 9, 2020)
