**The policies and regulations in unshaded text below were issued by the Office of State Budget and Management and apply to all state agencies.**

**DEQ policies and procedures are inserted in shaded areas following each topic as appropriate to ensure DEQ compliance with state policies and regulations and sound management practices.**

## 5.0.1 Purpose

Statutory regulations for per diem, transportation, and subsistence allowances for state departments, agencies, boards, commissions, committees, and councils are contained in G.S. 138-5, 138-6, and 138-7. It is the intent of this section to provide statements of policy to enable state departments and agencies a comprehensive reference for uniform interpretation to pay or reimburse allowable state travel expenses pertaining to official travel and subsistence.

The travel rates and reimbursement amounts found in this chapter generally represent upper not to exceed limits. State agencies, universities and component units, are not prohibited from establishing lower rates or more conservative agency policies.

## 5.0.2 Employee Responsibility

An employee traveling on official state business is expected to exercise the same care in incurring expenses that a prudent person would exercise if traveling on personal business and expending personal funds. Excess costs, circuitous routes, delays, or *luxury accommodations* and services unnecessary, unjustified, or *for the convenience or personal preference of the employee* in the performance of official state business are *prohibited*.

*Employees will be responsible for unauthorized costs and any additional expenses incurred for personal preference or convenience.*

The State has authorized the use of credit cards for employees during travel on official state business. These cards are distributed at the discretion of the department head. Employee misuse of state-issued credit cards is grounds for termination. Pursuant to G.S. 138-6(c), requests for reimbursement shall be filed within 30 days after the travel period ends for which the reimbursement is being requested.

## 5.0.3 Official State Business

These policies are intended to apply only to those state employees or other persons on official state business. Official state business occurs when the State employee or other person is traveling to attend approved job-related training, work on behalf of, officially represent, or provide a state service upon the State's request. Travel that would not directly benefit the state will not be reimbursable.

## 5.0.4 Accountability

State agencies, universities and component units should comprehensively review and update their internal travel policies and procedures, consistent with this chapter on a periodic basis. Agency management is responsible for implementing a system of controls to ensure proper oversight, compliance, and accountability with travel policies.

## 5.0.5 Travel Authorizations

Prior authorization is required for all employees to travel. An employee is considered to be in travel status when away from the normal duty station or home, and while traveling, the employee must be acting in his/her official capacity as required by his/her work activities.

There are two types of authorization forms that can be used to approve employee travel. The Travel Authorization Form is used for each individual trip when an employee needs to travel on state business, such as attending a conference or training. An approved Travel Authorization Form is required for the payment of any training registration fee, regardless of whether any other travel expenses will be incurred or reimbursement will be requested.

The Annual Travel Status Authorization Form is used for employees in positions where travel is essential and required in their day-to-day job duties as confirmed in the employee's job description.

The Annual Travel Status Authorization Form describing the travel requirements and designating the specific allowances for each employee must be filed with FSD Accounts Payable Section at the beginning of each fiscal year. Annual Travel Status must be re-authorized annually. Any other travel falling outside the day-to-day job duties and/or specified location(s) must be submitted and approved on a separate individual Travel Authorization Form. For example, if an employee's coverage area is Raleigh, but is asked to go to Asheville for a reason other than what is normally traveled, a separate Travel Authorization Form is required. Or, if an employee has an Annual Status Travel Authorization for performing regular inspections, but needs to attend a conference or training seminar, then a separate Travel Authorization Form is required.

The only travel authorization to be submitted to the Secretary's Office is as follows:

### 1. Out-of-Country

The only travel authorizations to be submitted to the FSD Budget section for approval are as follows:

1. Charter Aircraft
2. Use of Non-State Facilities
3. Retreats

The only travel authorizations to be submitted to the Division Director for approval are as follows:

1. Excess Hotel
2. Food/Refreshments
3. Out-of-State travel
4. Travel involving 5 or more people
5. Meetings/Training/Conferences
6. Rental Cars
7. Registrations
8. Reimbursement for non-State employees

The Supervising Assistant Secretary may elect to require scanned copies of all approved travel authorizations be sent via email within 24 hours of approval.

## 5.1 TRAVEL POLICIES FOR STATE EMPLOYEES

### 5.1.1 Per Diem Compensation

Per Diem compensation is not applicable for state employees, only to members of State Boards, Commissions, Committees and Councils who do not receive any salary from state funds for their services.

### 5.1.2 Subsistence Rates (Meals & Lodging)

Subsistence is an allowance related to lodging and meal costs (including gratuities) (G.S. 138-6).

For purposes of determining eligibility for allowances, travel status means being away from the employee's normal duty station or home and while traveling, the employee must be acting in his/her official capacity as required by his/her work activities.

For the 2021-2023 biennium, the maximum allowable statutory rate for meals and lodging is \$120.20 per day for in-state travel and \$137.30 per day for out-of-state travel. The Director of the Budget revises the subsistence rate periodically based on the percentage change in the Consumer Price Index for All Urban Consumers (G.S. 138-6(a)(5)).

- **The Payment of sales tax, lodging tax, local tax, or service fees applied to the cost of lodging is allowed in addition to the lodging rate and is to be paid as a lodging expense (G.S. 138-6(a)(3)).**
- **The employee may exceed the part of the ceiling allocated for lodging without approval for over-expenditure provided that the total lodging and food reimbursement that the employee is entitled to for that day does not exceed the maximum allowed daily subsistence (G.S. 138-6 (a)(3)).**

The following schedule (effective July 1, 2021) shall be used for reporting allowable subsistence expenses incurred while traveling on official state business:

	In-State	Out-of-State
Breakfast	\$ 9.00	\$ 9.00
Lunch	\$11.80	\$11.80
Dinner	\$20.50	\$23.30
Lodging (actual, up to)	\$78.90	\$93.20
<b>Total</b>	<b>\$120.20</b>	<b>\$137.30</b>

### 5.1.3 Tips and Gratuity

Reimbursable gratuity or tips must be considered reasonable for items that are not already covered under subsistence. Excessive tips will not be reimbursed. A reasonable tip would be one that a prudent person would give if traveling or conducting personal business and expending personal funds.

Baggage handling tips and other tips (except for meals or food service) may be claimed as "Miscellaneous."

For further guidance, the following information is provided when calculating a tip:

- Airports: Baggage Handling/skycaps = no more than \$2 per bag;  
Shuttle Drivers = no more than \$2 per bag.
- Parking/Auto Related: Valets = \$2 per car when collecting the car;  
Taxi or car service drivers = no more than \$5.00 per trip.

### 5.1.4 Out-of-State Travel

Out-of-state travel status begins when the employee leaves the state and remains in effect until the employee returns to the state. However, in-state allowances and reimbursement rates apply when employees and other qualified official travelers use hotel and meal facilities located in North Carolina immediately prior to and returning from out-of-state travel during the same travel period.

### 5.1.5 Authorization for Lodging

Prior written approval by the department head or his or her designee must be obtained in order to qualify for reimbursement for overnight stays. Supervisory personnel certifying the reimbursement request as necessary and proper must require documentation from the traveler to substantiate that the overnight lodging was necessary and accomplished. The travel reimbursement calculations must involve the starting address of the employee's regularly assigned duty station or home, whichever is less, to the final travel destination, in order to receive approved reimbursement. Overnight lodging may only be authorized and paid to support business needs and final travel destinations that equal or exceed 35 miles, calculated from the employee's home or duty station, whichever is less, to the final travel destination. "Duty station" is defined as the location where the employee is assigned. The designation of an employee's home as the duty station requires the approval of the department head.

DEQ Division Directors are designated by the Secretary of the Department to approve authorization for lodging. Division Directors may delegate this authority to supervisors as appropriate within their organizational structure. Approval of the "Travel Reimbursement Request" form is acceptable, when there are **no excess charges**. This delegation of authority must be provided to the DEQ Financial Services Division. For routine business travel, employees must stay within the **total daily rate** for food and lodging. See Excess Lodging section below. **Only the State Budget Officer may grant exceptions.**

### 5.1.6 Reimbursement for Lodging

Each employee is responsible for his or her own request for reimbursement. Specific dates of lodging must be listed on the reimbursement request, which shall be substantiated by a receipt from a commercial lodging establishment.

### 5.1.7 Excess Lodging

A "Travel Authorization Form" (form OC10) must be completed **and approved in advance** for each trip involving excess.

Excess Lodging authorization for in-state, out-of-state, and out-of-country travel must be obtained in advance from the department head or his or her designee, using the DEQ Travel Authorization Form (form OC10).

- Excess lodging is allowed for the following reasons:
- Employee is in a high cost area and the current allowance is insufficient to secure lodging.
- Cost of the excess lodging is less than the cost of lower cost lodging plus transportation costs.

Excess lodging authorization is not allowed for reason of convenience or personal preference for the employee. The employee may exceed the part of the ceiling allocated for lodging without approval from department head or his or her designee provided that the total lodging and food reimbursement does not exceed the maximum daily subsistence.

## 5.1.8 Third Party Lodging

Reimbursement for lodging in an establishment that is being rented out by a third party or an establishment treated as an apartment building by state or local law or regulation is allowed only if the agency can document that per day lodging rates will cost less than standard in state or out of state lodging rates described in Section 5.1.2. Internal agency approved third party lodging requests and payments must include documentation contained in travel or accounts payable records that provide evidence of savings to the State. Third party lodging agreements are not allowed among family members or where such agreements or payments create a financial conflict of interest to the traveling employee or other agency managers or employees. Third party lodging may include, yet is not limited to, online website house or room rental services.

In each case where third-party lodging is being considered, the applicant must provide their budget officer and OSBM all details regarding the arrangement, including the amount to be charged, the length of stay, and projected cost savings compared to standard lodging rates and contact information. A signed rental agreement, or a reservation and receipt, and documentation of agency budget office prior approval must be presented to receive reimbursement.

## 5.1.9 Penalties and Charges Resulting from Cancellations

Penalties and charges resulting from the cancellation of travel reservations (including airline, hotel, or other travel reservations and conference registration) shall be the department's obligation if the employee's travel has been approved in advance and the cancellation or change is made at the direction of and/or for the convenience of the department. If the cancellation or change is made for the personal benefit of the employee, it shall be the employee's obligation to pay the penalties and charges. However, in the event of accidents, serious illness, or death within the employee's immediate family or other critical circumstances beyond the control of the employee, the department may pay the penalties and charges.

DEQ Division Directors are designated by the Secretary of the Department to approve payment of penalties and charges when the above conditions are met.

DEQ does not reimburse trip insurance including but not limited to car rental insurance, flight insurance, etc.

## 5.1.10 Authorization for Meals

Prior written approval by the department head or his or her designee must be obtained in order to qualify for reimbursement for meals. Supervisory personnel certifying the reimbursement request as necessary and proper must require documentation from the traveler to substantiate that the payment for meals was necessary and accomplished.

DEQ Division Directors are designated by the Secretary of the Department to approve authorization for meals. Division Directors may delegate this authority to supervisors as appropriate within their organizational structure. Approval of the "Travel Reimbursement Request" form is acceptable, when there are no excess charges. This delegation of authority must be provided to the DEQ Financial Services Division.

Per the OSBM Travel Policy, there are only certain instances where meals, specifically lunches, are allowable for reimbursement or can be provided as part of a meeting to state employees. The rules are as follows:

- A state employee cannot be reimbursed for meals, including lunches, **unless on official state business when the employee is in overnight travel status.**

- A state agency **cannot** use state funds to pay for meals for state employees at **external conferences for which a conference fee was not charged**. The only exception provided occurs when all the following conditions are met:
  - o Federal grants, other grants, state or institutional trust funds may be used for meals if the conditions attached to those funds allow for the provision of meals at meetings;
  - o The agency must have documentation of the conditions that allow for the provision of meals;
  - o Under these circumstances, meals may be provided to state employees even if a conference fee was not charged.
  - o The employee may not request reimbursement for the meal.
- A state agency **cannot** use state funds to pay for meals for state employees at **internal conferences unless overnight travel criteria are met**.
  - o A routine staff meeting is not an internal conference.

*All instances that do not \*clearly\* meet the above conditions require prior approval from OSBM for exception to the rules.* The detailed meal reimbursement rules are outlined in the relevant sections below.

## 5.1.11 Reimbursement for Meals

Each employee is responsible for his or her own request for reimbursement. **Tips for meals are included in the meal allowance.** Each meal reimbursement rate must be listed on the reimbursement request. Departure and arrival times must also be listed on the reimbursement request. The costs of meals included in other related activities (registration fees, conference costs, hotel registration, etc.) may not be duplicated in reimbursement requests. Each employee may be reimbursed, if requested, for breakfast even if their lodging establishment offers a free continental breakfast.

If funding sources involve federal or non-state sources and the overseeing grant entities allow travel reimbursement rates that exceed state reimbursement rates and per diem amounts, state agencies shall utilize the lower state rates. Exceptions to this policy can be approved by the Agency head or his designee and must be included in the non-state grant records.

DEQ Directors/Supervisors approving reimbursement for meals are certifying that all state policies and regulations have been met, and that meal costs are not duplicated.

## 5.1.12 Meals during Overnight Travel

A state employee may be reimbursed for meals including lunches, while on official state business **when the employee is in overnight travel status.**

Employees may be reimbursed for meals for partial days of travel when in overnight travel status and the partial day is the day of departure or the day of return. The following applies:

- Breakfast: depart duty station prior to 6:00 am.
- Lunch: depart duty station prior to Noon (day of departure) or return to duty station after 2:00 p.m. (day of return).
- Dinner: depart duty station prior to 5:00 p.m. (day of departure) or return to duty station after 8:00 p.m. (day of return).

The travel must involve a travel destination located at least 35 miles from the employee's regularly assigned duty station or home, whichever is less.

## 5.1.13 Meals during Day Travel

The **Internal Revenue Service (IRS)** considers meal reimbursement outside of overnight travel status as **taxable compensation payments**. If an employee receives breakfast or dinner, then the agency must treat the payment as employee compensation for purposes of withholding federal, state, and FICA taxes. The Office of State Controller (OSC) has established payroll system payment mechanisms to ensure withholding of taxes for meal compensation. Taxable compensation payments will be reported on the employee's W-2 form.

Pursuant to G.S. 138-6(c), requests for reimbursement shall be filed within 30 days after the travel period ends for which the reimbursement is being requested. **For employees seeking reimbursement for meals, procurement cards (PCards) may not be used to purchase meals.** The Taxable Meals Form must be submitted with approved signatures by the 15<sup>th</sup> of each month to reflect on the current month's pay statement. Documentation received after the 15<sup>th</sup> of the month is subject to not being processed for the current month and will reflect on the following month's pay statement.

The employee's supervisor is required to verify all working time listed on the Taxable Meals Form with the working time listed in the Integrated HR Payroll System. All travel is subject to review by DEQ's Financial Services Division and/or Internal Audit.

An employee may be reimbursed for breakfast and dinner meals for day travel while on official state business **when the employee is not in overnight status.**

By state statute, lunches cannot be reimbursed unless the employee is in overnight travel status or otherwise specified in G.S 138-6. To be eligible for meal reimbursement, the following criteria must be met.

- Breakfast (morning): depart duty station prior to 6:00 am **AND** extend the workday by 2 hours
- Dinner (evening): return to duty station after 8:00 pm **AND** extend the workday by 3 hours.
- Any time worked prior to the departure time or after the return time will be included in the extended workday calculation. (Normal workday is 8 hours)
- Calculation of workday hours should not include lunches.
- The travel must involve a travel destination located at least 35 miles from the employee's regularly assigned duty station or home, whichever is less.

**\*\* Meal criteria and travel distance must be met to be eligible \*\***

### **Breakfast Examples:**

## **5.1.15 Meals for Required Employee Attendance**

A state employee may be reimbursed for meals, including lunches, when the employee's job requires his attendance at the **meeting of a board, commission, committee, or council** in his official capacity and the meal is preplanned as part of the meeting for the entire board, commission, committee or council. Such board, commission, committee, or council must include persons other than the employees of a single state department, institution, or agency.

## **5.1.16 Deleted**

DEQ Division Directors are delegated authority to approve conference meals within state rates. The Division Director, Assistant Secretary and Secretary must approve all out-of-country travel. Prior approval of a "Travel Authorization" (form OC10) is required. For conferences planned and conducted by DEQ divisions, please see the section on Internal and External Conferences.

## 5.1.19 Passports

Reimbursement for costs incurred in obtaining or renewing a passport may be made to an employee who, in the regular course of his duties, is required to travel overseas in the furtherance of official state business. Passport expenses are chargeable to the same fund that supports the employee's trip.

## 5.1.20 Transportation by Common Carrier

Reimbursement for air, rail, or bus fare is limited to actual coach fare, substantiated by receipt. Reimbursement for check – in, seat assignments and baggage is limited to actual costs substantiated by receipt.

Employee should ensure the travel is conducted in the most efficient manner and at the lowest and reasonable cost to the State, factoring in the cost of the ticket and any associated charges. Documentation to support the travel options selected must be submitted.

## 5.1.21 Super Saver Rates

When traveling by common carrier to conduct official state business, employees traveling to their destination earlier than necessary and/or delaying their return to avail the state of reduced transportation rates may be reimbursed subsistence for additional travel days if, in the opinion of the department head or his or her designee, the amount saved due to the early and/or delayed travel is greater than the amount expended in additional subsistence. For example, when the reduced airfare rates require staying overnight one Saturday night, to be eligible for reimbursement, the state employee must stay overnight on the Saturday closest to the first or last day of official state business to which the employee is attending.

With sufficient justification, the department head or his or her designee can make an exception to this requirement prior to travel commencing.

DEQ Division Directors are designated by the Secretary of the Department to approve additional travel days when the above conditions are met. Prior approval of a “Travel Authorization” (form OC10) is required.

## 5.1.22 Transportation by International Flights

Employees traveling internationally on overseas flights may be reimbursed actual business class fare (substantiated by receipt) with prior approval of the department head or his or her designee.

For DEQ employees, all international travel must be approved by the Division Director, Financial Services - Budget and the Secretary of the Department. Prior approval on a “Travel Authorization” (form OC10) is required.

## 5.1.24 Coupons or Certificates for Reduced Air Fare

Coupons or certificates for reduced air fare if acquired by a state employee while traveling on state business at state expense ***are the property of the State and should be used, to the extent possible, by the state employee on future state business trips.***

## 5.1.25 Fees and Service Charges

With sufficient justification and documentation and with approval of the department head or his or her designee, state employees can be reimbursed for usual, customary, and reasonable fees and services charges imposed by travel agents for assistance in making travel arrangements.

Employee should ensure the travel is conducted in the most efficient manner and at the lowest and reasonable cost to the State, factoring in the cost of the ticket and any associated charges. Documentation to support the travel options selected must be submitted.

## 5.1.26 Transportation by Personal Vehicle

It is the intent of the State that state employee travel shall be conducted in the most efficient manner and at the lowest and most reasonable cost to the state. Regarding passenger vehicle travel, whether in- or out-of-state, agency travel policies shall:

- Maximize utilization of state-owned vehicles (agency-owned or agency-assigned vehicles owned by the Department of Administration),
- Make use of State term contracts for short-term rentals (State Term Contract 975B Vehicle Rental Services), and
- Reimburse for use of personal vehicles on a limited basis in situations when the use of state owned vehicles or state term contract rental vehicles are not readily available.

Agencies are encouraged to establish policies that promote efficient travel, such as ride-sharing. When State-owned resources are not available, the agency may procure vehicles through the State's term contracts or reimburse use of personal vehicles. If a state employee chooses to use a personal vehicle, actual mileage is reimbursable. Mileage is measured from the closer of duty station or point of departure to destination (and return).

A state employee shall be reimbursed the business standard mileage rate set by the Internal Revenue Service (**56 cents per mile effective January 1, 2021**) when using their personal vehicle for state business. Parking fees, tolls, and storage fees are reimbursable when the required receipts are obtained. Fines for traffic and parking violations are the responsibility of the state employee. Internal agency exceptions to this policy can be granted by agency heads, or their designees, if an agency has a unique clearly documented business need that is not directly addressed by this OSBM policy. These exceptions are public records and shall be made available upon request by OSBM staff, auditors or interested third parties.

See Appendix A for mileage calculation examples.

## 5.1.27 Transportation by a Rental Vehicle

For both in-state and out-of-state travel, rental vehicles shall be obtained through the State's term contracts when available. Unless prior approval has been obtained from the department head or his or her designee, the state employee shall bear the difference in cost when renting a vehicle from a class that exceeds the cost of a standard vehicle on the State's term contract for short-term vehicle rentals. No reimbursement will be made for rental insurance purchased because state employees are covered under the State's auto insurance program. However, reimbursement for automobile rental insurance will be permitted for individuals engaged in state business during travel to international destinations. Rental vehicles are not authorized for personal use.

## 5.1.28 Transportation by State Vehicle

Procedures for obtaining and using state vehicles owned by the Division of Motor Fleet Management (Department of Administration) are set out in the [Rules and Regulations](#) provided by that division.

## 5.1.29 Transportation by Chartered Aircraft

The use of charter aircraft must be approved by the department head or his or her designee provided the following is substantiated and put in writing:

- A state aircraft is not available or not appropriate for the size of the party traveling or the destination airport.
- The use of a charter flight is more economical than a commercial flight.
- The use of a charter flight is necessary because of unusual travel circumstances.

The Division Director, Financial Services – Budget and the Secretary of DEQ must approve any use of charter aircraft. Prior written approval (form OC10) is required.

## 5.1.31 Non-state Employee Riders

Non-state employees may accompany state employees in state-owned vehicles when they have a business interest in the purpose of the trip and their presence is related to state business. Students of state universities, colleges, and institutions may be passengers in state-owned vehicles to attend athletic events and other activities officially sanctioned by the institution, provided the proper account is reimbursed at the standard mileage cost rate by the student activity fund involved. Spouses and children of state employees may accompany them in state-owned vehicles, if ample space is available and all travel is strictly for official state business. (G.S. 143-341.8(i)(7)) grants Department of Administration rule-making authority in this area. Hitchhikers are not permitted to ride in state-owned vehicles.

## 5.1.32 Transportation by State Vehicle at Destination

At the employee's destination, state-owned vehicles may be used prudently for travel to obtain meals and for de minimis personal purposes. Examples of de minimis personal travel would include stopping for lunch, picking up a prescription at a pharmacy and related errands. No common carrier or public transportation fares are reimbursable on a trip on which an employee uses a state-owned vehicle, unless it is shown that such transportation was more economical in a particular situation.

## 5.1.33 Commuting

No reimbursement shall be made for the use of a personal vehicle in commuting from an employee's home to his duty station. (No mileage reimbursement is allowed to employees on "call back" status). For the state's policy on compensation to employees on "call back" status, see the State Human Resources Manual.

## 5.1.34 Use of Public Safety Vehicle for Commuting

No state employee shall be exempt from payment of reimbursement for commuting except as provided for in [G.S. 143-341\(7a\)](#). The provisions of this rule do not apply to clearly marked police and fire vehicles or unmarked law-enforcement vehicles that are used in undercover work and are operated by full-time sworn law enforcement officers whose **primary duties** include carrying a firearm, executing search warrants, and making arrests. The Department of Administration shall report quarterly to the Joint

Legislative Commission on Governmental Operations on individuals who use state owned vehicles between their official work stations and their homes, who do not reimburse the State for these trips.

The rate of reimbursement shall approximate the benefit derived from the use of the vehicle as prescribed by federal law and shall be determined by the Department of Administration. Reimbursement shall be for 20 days per month regardless of how many days the individual uses the vehicle to commute during the month. Reimbursement shall be made by payroll deduction each month from the employee's check and deposited as a refund of expenditure to the fund/center and account where the motor fleet bill is paid.

### 5.1.35 Travel to/from Airport at Employee's Duty Station

Reimbursement for travel between the employee's duty station or home (whichever is less) and the nearest airline terminal (or train/bus station if applicable) and for parking is authorized under the following circumstances. For travel by:

- Taxi, car service, mobile phone ordered car service, or Airport Shuttle – actual costs with receipts.
- Private car - the business standard mileage rate set by the Internal Revenue Service for a maximum of two round trips with no parking charge, or for one round trip with parking charges. Receipts are required for airport parking claims.
- Use of Public Transportation – In lieu of using a taxi or airport shuttle, employees can be reimbursed without receipts \$5 for each one-way trip from the airport to hotel/meeting or from the hotel/meeting to the airport or the actual cost of the travel with the submission of receipts.

### 5.1.36 Travel to/from Airport at Employee's Destination

Reimbursement for travel to and from the airline terminal (or train/bus station if applicable) at the employee's destination may be made where travel is via most economical mode available as listed below:

- Taxi, car service, mobile phone ordered car service, or Airport Shuttle service – actual costs with receipts.
- Rental vehicles - may be used with the prior approval of the department head or designee (receipt required).
- Use of Public Transportation – In lieu of using a taxi or airport shuttle, employees can be reimbursed without receipts \$5 for each one-way trip from the airport to hotel/meeting or from the hotel/meeting to the airport or the actual cost of the travel with the submission of receipts.

Authority to approve the use of a rental vehicle is delegated to the Division Director only.

### 5.1.37 Parking

Parking expenses are reimbursable while in the course of conducting official State business as long as such expenses are determined reasonable and clearly show that there was care taken to keep the costs to the State as low as possible.

DEQ employees should use the least expensive form of transportation to/from airports. This will vary depending on the cost of taxis or shuttles, and the length of time a personal vehicle would be parked at the airport. Use of a private car must also be less expensive than the use of a state vehicle. Any parking rates considered excessive and only for the convenience of the traveler will not be reimbursable. An

example of excessive or inappropriate parking would be the use of an airport's hourly parking lot for an overnight trip. **Parking at RDU airport not to exceed \$10 per day with receipt.**

### 5.1.38 Travel Involving Trips Other than to and from the Airport

The actual cost of taxi and shuttle service fares are reimbursable when required for travel on official state business. The request must be documented with a receipt. The use of public transportation is reimbursable for actual costs with a receipt.

### 5.1.39 Authorization for Out-of-Country Travel

All out-of-country travel must be authorized by the department head or such department official designated by him or her.

If the employee and other qualified official travelers use hotel and meal facilities located outside North Carolina, but within the continental United States, immediately prior to and upon returning from out-of-country travel but during the same travel period, out-of-state subsistence rates shall apply.

For DEQ employees, all international travel must be approved by the Division Director, Financial Systems - Budget, and the Secretary of the Department. Prior approval of a "Travel Authorization" (form OC10) is required.

### 5.1.40 Travel Advances

All employees who travel on state business may be issued advances when authorized by the department head or his or her designee in order that personal funds will not be required. Fiscal records must be maintained by the department for proper control.

Eligibility for advances and reporting requirements are as follows:

- State employees who have **not** been issued state credit cards for travel purposes.
- **Travel advances for occasional travel** must not exceed the estimated cost of the trip. Advances must be deducted from the reimbursement request on the travel expense report that is to be submitted within 30 days after the travel period.
- **Travel advances for regularly scheduled travel** for employees who travel each month may be made through an annual advance of funds equal to the average monthly expense. All reimbursement requests shall be filed and paid monthly for incurred expenses and the advance must be repaid as of June 30 annually or earlier if required by the agency. If it is determined that the monthly reimbursement has averaged less than the annual advancement, the advance must be reduced to the newly established amount.

DEQ Division Directors are delegated authority to approve the issuance of travel advances within the above regulations (use form OC7). Division Directors may delegate authority to supervisors, as appropriate within their organizational structure. This delegation of authority must be provided to the DEQ Financial Services Division. When assemblies are to be held under the sponsorship of a state department in which the funding for all participants is budgeted, lump-sum payments to a conference center or an organization may be made upon written authorization from the department head or his or her designee. The authorization must provide the following:

- The specific meals to be served at the conference (law prohibits lunches being provided to state employees unless registration fees are charged to all attendees).
- The approximate daily subsistence cost per person.

### Employee's Duty Station

"Duty station" is defined as the headquarters or job location at which the employee spends the majority of his or her working hours [G.S. 138-6(a) (1)]. For an employee in travel status, the duty station should be the point where traveling begins the majority of the time (home or office). The designation of an employee's home as the duty station by a department head requires **prior approval** by the Office of State Budget and Management (OSBM) on an annual basis. (For additional information, see on Designation of Duty Station Report.)

DEQ's Financial Services Division will coordinate all requests for designation of an employee's home as the duty station with the Secretary and will file all reports required by OSBM.

Departments, institutions, and agencies must make one submission for the entire department, institution, or agency by the second week in December of each preceding calendar year of all employees whose home is also their duty station.

When hiring new employees or designating the home as the duty station of current employees during the calendar year, a revision to the annual report must be submitted to OSBM for its prior approval.

Employees assigned to regional offices or who are living in state-owned facilities should not be listed on the report.

To be eligible for allowances in connection with travel, the employee must be acting in official capacity as required by his/her work activities.

## **Training Session**

Employee training involves courses that develop an employee's knowledge, skill, and ability to perform the duties of his/her present job, such as, courses on computer usage or management skills development. These courses generally have a set fee, are of relatively short duration, and are not part of a curriculum the employee is participating in leading to some educational degree.

## **Transportation**

Includes personal automobile, taxi, bus, train, airplane, motor pool charges, auto rental, tolls, and parking fees. All travel expenses must be incurred by and for state employees or other eligible travelers in conducting official state business in order to be eligible for reimbursement.

When travel by car is determined to be feasible, a state-owned vehicle, when available, should be used instead of a private vehicle. State departments must determine whether state-owned vehicles are considered to be available. State departments must periodically review employee duty stations (see paragraph above on "Duty Station") for the purposes of determining cost effectiveness of having a state vehicle permanently assigned to the geographical area (department/institutions duty station location or vicinity). If found to be cost-effective, state-owned vehicles should be requested for assignment on a permanent basis.

## **Travel Period**

Travel period is defined as the first day an employee enters travel status through the last day of travel status for each individual business trip. Travel reimbursement forms are due in the calendar month after which the travel ended – except at year-end when all travel reimbursements must be submitted by May 31.
