DIVISION OF WATER RESOURCES
Albemarle-Pamlico National Estuary Partnership (APNEP)
The mission of the APNEP is to identify, protect, and restore the resources of the Albemarle-Pamlico estuarine system. APNEP pursues this mission with guidance from its overarching Comprehensive Conservation & Management Plan (CCMP), the Management Conference (advisory bodies) and regional partners. APNEP is a cooperative effort currently hosted by the NCDEQ under a cooperative agreement with the US EPA. The Partnership also works closely with the Commonwealth of Virginia in implementation of the CCMP. The program area extends across most of the Albemarle-Pamlico watershed, including the Neuse, Tar-Pamlico, Pasquotank, Chowan, lower Roanoke, and parts of the White Oak River basins.
