This is the June, 2010 update of activities directed by the N.C. Department of Environment and Natural Resources that CTS is performing at the Mills Gap Road site in Asheville.

**June 2010 Update:**

NCDENR’s response to the CTS Phase II workplan was mailed out on May 20, 2010. CTS e-mailed NCDENR with some questions about the comments on May 26. NCDENR has not responded to those questions based on a need to obtain further clarification. Answers to CTS’s questions should come the week of June 14th.
