Phase 1 Success Stories

Sparta Level 2 Charging Station

Site Overview
The Town of Sparta is a step back in time – friendly people, relaxing atmosphere, and beautiful countryside. The Town is in the northwest mountains of North Carolina and is a close drive from the cities while also “miles away” from anywhere. The Sparta Level 2 Charging Station project was one of 77 Level 2 infrastructure projects selected for funding in Phase 1 of the NC Volkswagen (VW) Settlement Program. This project received a Phase 1 VW rebate of $10,000 for the installation of one Level 2 dual-port charger. The charger is in a publicly accessible municipal parking lot owned by the Town on Main St. where there is access to the charger 24 hours a day, 7 days a week. Blue Ridge EMC was the awarded organization and completed the project as a contractor for the Town.
