You may submit additional sheets if needed.

Editor's Note (TN): Asked about decrease in number of households from FY 2019-20 to FY 2020-21 report. Decreased from 1,651 in 2019 to 830 in the current report. Sandy Warren responded:  
"I have looked back on my last 4 years of reports and it looks like it is always about half of the households that have the option to recycle. I can only assume that I answered incorrectly last year."
