45. *If you checked commingled, which material recovery facility (MRF) does your community use? Pratt Recycling

A MRF is the plant that separates commingled recyclables into marketable commodities (paper, plastic, metals, glass)

a. Do you have a formal contract with the MRF? ☒ Yes ☐ No If yes, what month/year does it expire? 6/30/2024

b. Do you know your inbound contamination level at your MRF? ☐ Yes ☒ No

Inbound contamination is the amount of non-recyclable materials in commingled loads delivered to the MRF.

If yes, what is the inbound contamination percentage?
Part III. Special Waste Collections

Special wastes are materials collected at convenience centers, transfer stations, landfills, etc. Do not include materials collected at household hazardous waste permanent collection facilities or household hazardous waste temporary collection events.

YARD WASTE MANAGEMENT FORMULA: If yard waste quantities are not tracked, you may use this formula below to help you estimate yard waste volume. Calculate for each truck used in your yard waste management program, and then enter the grand total volume managed by program in the appropriate boxes above. Ex. 10 cubic yard truck x 3 days/wk x 16 wks = 480 cubic yards

\[
\text{Size of Truck (in yards)} \times \text{Avg. no. of times truck fills each week} \times \# \text{of weeks truck is used during year} = \text{cubic yards}
\]

Part V. Solid Waste Collection Services

Part X. Comments

Use this section to elaborate on any info provided in your report as necessary. Have there been major changes to your recycling or solid waste program since last year? Do you expect upcoming changes to your programs? How were your programs affected by COVID-19? Do you have new or updated ordinances that affect your programs? You may submit additional sheets if needed.

Editor's Note (TN): Asked David Lambert about tonnage increase from approx. 900 tons to approx. 3,000 tons this year. He said: "Yes—I'm unclear if we messed up last year or the year before. HA! If we are just going to include collection sites for 20-21 a more appropriate number is 901.23." We need to check on this in next year's report. Updated in Database during QC. Updated table #44 and table #64.

Editor's Note (TN): Asked the following questions: Did you have a solid waste and recycling educational activities budget this year? Last year it was $200 (#56)
What municipalities do you report recycling for so that we don’t have double counting with their reports?

David Responded: Last year we really didn’t have a budget for education—we likely spent $200 again. This year we utilized our educational campaign with the grant.

We aren't reporting for any municipalities.

#44 & #73. The totals represent a combined total of White Good and Scrap Metal tonnages. Our vendor Metal Recycling.
