

Local Government Annual Solid Waste and Materials Management Report

Completion and submission of this online report will fulfill the annual reporting mandate to the state as required by G.S. 130A-309.09A.

This pdf may be used to help collect data for the FY2023-24 Local Government Solid Waste and Materials Management Report. However, you must complete the online report as your official submittal: <https://edocs.deq.nc.gov/Forms/LGAR>

Instructions

Requirement

Each North Carolina county and municipality is required to complete this report annually. Completion and submission of this online report will fulfill the annual reporting mandate to the state as required by G.S. 130A-309.09A.

- Failure to complete and submit this report could result in the local government being excluded from distributions of Solid Waste Disposal Tax Proceeds and other Department of Environmental Quality grants.
- This report must be completed no later than September 1, 2024.

Helpful Information

- View your annual report from [last year](#) or [previous years](#).
- See [Frequently Asked Questions \(FAQs\)](#) about this report.
- Watch last year's recorded [training video](#) about this report. The questions have not changed since last year so the same instructions apply.
- You may download a [blank pdf](#) of the report to use for gathering data. However, you must complete the online report as your official submission.
- If you need assistance completing this report, please feel free to contact one of the following DEACS staff members:
 - Elise Traywick: elise.traywick@deq.nc.gov or (919) 707-8135
 - Christine Wittmeier: christine.wittmeier@deq.nc.gov or (919) 707-8121

Date

Solid Waste and Recycling Staff

How many full-time equivalent (FTE) employees are dedicated to recycling operations? (?)

Recycling operations can include collections, logistics, processing, tagging, enforcement, education, or customer service concerning recycling, not garbage.

Did your local government have a Recycling Coordinator or similar position for FY23-24?

Yes No

Are the recycling coordinator duties full time or part time?

Full time

Part time

Contact info is same as Person Completing This Report

Name

Title

Email

Phone Number

Did your local government have a Solid Waste Director or similar position for FY23-24?

Yes No

Name

Title

Email

Phone Number

Did your local government have dedicated or part-time Solid Waste Enforcement Staff for FY23-24?

Yes No

How many full-time equivalent (FTE) staff are dedicated to solid waste enforcement? (?)

Primary Enforcement Staff Contact

Contact info is same as Person Completing This Report

Name

Title

Email

Phone Number

Did your local government have solid waste ordinances in place addressing any of the following during FY23-24?

Disposal Bans

Construction & Demolition Debris

Recycling Requirements

Illegal Dumping

Littering

Other

Did these ordinances result in additional recycling BEYOND what is managed by your local government?

Example: a cardboard disposal ban results in commercial cardboard recycling through private haulers.

Yes No

What materials are recycled as a result of local ordinances?

If available, how many additional tons are recycled BEYOND what is managed by your local government? (?)

Example: You have a cardboard disposal ban *and* have a way to track the tons of commercial cardboard recycled by private haulers.

Did your local government provide, contract or arrange for any solid waste services in FY 23-24?

Solid waste services include picking up, collecting, or managing solid waste (garbage), recycling, or yard waste.

Yes No

Note: If you select "No", the form will automatically skip all solid waste and recycling sections and you can proceed to Part 9 Disaster Planning.

1. Government Buildings

Waste Reduction Programs at Government Buildings

1.1 - Was recycling offered at your local government's public buildings in FY 23-24?

Yes No

1.2 - Did your local government have a program or policy encouraging or requiring the purchase of products with recycled content in FY 23-24?

Yes No

1.3 - Was there a program to collect and recycle spent fluorescent lights generated from your local government's public buildings in FY 23-24?

Yes No

2A. Recycling Programs

Source Reduction / Reuse

2A.1 - Did your local government promote home composting? (?)

Yes No

Please check all home composting activities that apply:

- Education and/or Kitchen Countertop Collectors Available
- Compost Demonstration Site(s)
- Home Compost Bin Sales or Distributions

Number of Home Compost Bins distributed:

2A.2 - Did your local government promote source reduction efforts? (?)

Yes No

Please check all source reduction programs that apply:

- Junk Mail Reduction
- Single Use Plastics Reduction
- Food Waste Reduction
- Promoting Reuse and Donation
- Other

2A.3 - Did your local government offer a waste exchange or reuse program?

Yes No

Please check all waste exchange and/or reuse programs that apply:

- Swap shop/shed
- Paint exchange
- Reusable dish/utensil loan program for meetings and events
- Other (e.g. pallet exchange, reuse events, etc.)

Number of swap shops/sheds?

Pounds of paint recovered?

If you need to convert from gallons, one gallon of latex paint = 11.5 pounds.

Public Recycling Services

2A.4 - Which of the following best describes your **recycling** program for the period July 1, 2023 through June 30, 2024? Choose ONE option that best applies.

My local government DID operate or contract for a recycling program.

My local government DID NOT operate or contract for a recycling program BUT DID participate in a recycling program sponsored by another local government. (Please answer follow-up question below.)

My local government DID NOT operate, contract or participate in a recycling program.

With which local government did you partner and what is the arrangement?

Curbside Recycling Program

2A.5 - Did your government operate or contract for a Curbside Recycling Program?

Yes No

Who collected the recyclable materials for your local government's curbside recycling program?

- Local government employees
 Private contractor*
 Franchised hauler**
 Other (please specify) _____

*A PRIVATE CONTRACTOR has a formal agreement with a local government for the provision of specified solid waste services at a certain price for a certain length of time and is the exclusive service provider.

**A FRANCHISED HAULER has a formal agreement with a local government for the provision of services awarded through competitive procurement. In contrast to contracted collection, local governments do not pay franchised haulers for providing services.

Name of private contractor (?)

Name of franchised hauler (?)

Is public participation in the franchise:

Voluntary Mandatory

Does your franchise consist of:

One service district Multiple service districts

Total number of households in your jurisdiction:

Number of households that receive curbside recycling collection:

Number of households that regularly participate in the curbside recycling program (estimate is fine): (?)

What sector(s) of your community was served by the curbside recycling program?

Residential Commercial Industrial

Please indicate the number of commercial and industrial accounts served:

How frequently were the curbside recyclables collected?

- Once a week
 Every other week / biweekly
 Other _____

Please select the collection containers used: (?)

- Bins
 Blue bags
 Roll-out carts

Please select the method of recycling collection: (?)

- Single-stream / commingled
 Dual stream
 All materials collected separately
 Other (please specify) _____

How do residents enroll in curbside recycling service?

- Residents must sign up
 Everyone is automatically included

Drop-off Recycling Program

2A.6 - Did your government operate or contract for a Drop-off Recycling Program? (?)

Yes No

Who hauls the recyclable materials from your local government's drop-off sites?

- Local government employees
 Private contractor
 Other (please specify) _____

Name of private contractor

How were recyclables collected at your drop-off recycling site(s)? (?)

- Single-stream / Commingled
 Dual-stream
 All materials collected separately
 Other (please specify) _____

How many households were served by your drop-off recycling program? (?)

What sector(s) of your community were served by the drop-off recycling program?

- Residential Commercial Industrial

How many drop-off recycling locations did you provide?

How many of these locations were staffed with attendants?

- All None Some

Number of staffed sites:

Electronics Recycling Program

2A.7 - Did your community operate or contract for an electronics recycling program in FY 23-24?

Yes No

Please indicate the type of electronics recycling program your government offered.

- Permanent - Curbside Collection
 Permanent - Drop-Off
 Scheduled Collection Day or Event
 Part of HHW Program

Is curbside collection of electronics:

- By appointment Unscheduled

How many collection sites accept electronics for recycling?

Did your electronics recycling program collect or accept televisions from:

- Residences Businesses

Did your electronics recycling program collect or accept computer equipment from:

- Residences Businesses

Did your local government receive Electronics Management Funds from DEQ in February 2024? (?)

Yes No

Electronics Management Fund balance as of July 1, 2023:

\$

Electronics Management Funds received from DEQ during FY 23-24 (Feb 2024 distribution):

\$

Electronics Management Funds spent during FY 23-24:

\$

Electronics Management Fund balance as of June 30, 2024:

\$

Explain how Electronics Management Funds were used during FY 23-24: (?)

Total spent on electronics recycling program in FY 23-24 (including Electronics Management Funds if applicable):

\$

Name of electronics recycler(s) used during FY 23-24:

If you are a municipality and delivered electronics to the County, please **do not include tons in Part 2B. Recycling Tons**. These tons will be reported by the County.

Does the electronics recycler(s) have either the e-Steward or R2 certification?

Yes No

Other Public Recycling Programs

List only programs operated or contracted for by your local government. The tonnage of any materials collected by the following programs should be listed in the "Other Tons" column in Part 2B Recycling Tons IF you track the tonnage separate from normal curbside or drop-off programs.

2A.8 - Did your local government provide recycling services at multifamily properties? (?)

Yes No

Is multifamily recycling collected using:

Carts

Dumpsters

Other

Please provide the number of multifamily properties or accounts served: (?)

Please provide or estimate the number of multifamily units served: (?)

2A.9 - Did your local government provide a separate recycling collection service (e.g., dumpster service) for commercial and/or industrial customers?

Yes No

2A.10 - Did your local government provide recycling services to Alcoholic Beverage Commission permit holders?

Yes No

What type of service was provided to ABC permit holders?

On-site recycling collection

Public drop-off recycling sites available for ABC permit holders to use

Please estimate the # of ABC accounts served:

2A.11 - Does your local government operate a program to recycle Construction and Demolition materials?

Yes No

Please check all materials that are accepted and report tonnages in Part 2B. Recycling Tons: Construction and Demolition Recycling.

Clean Wood

Brick, concrete, etc.

Drywall

Vinyl siding

Shingles

Metals

Other

2A.12 - Please identify all Away From Home Recycling programs operated by your government during FY23-24.

Public Parks Recycling Program

Athletic Field /Venue Recycling Program

Pedestrian Recycling Program

Recycling Service for Special Events / Festivals

2A.13 - Please identify all "Other" recycling programs or services operated by your government during FY23-24.

Public School Recycling Program

Scheduled Collection Drives (e.g., hard-to-recycle event, document shredding)

Lend-a-Bin Program

Other (please specify)

2A.14 - Did your local government collect any of the following "Other" materials for recycling?

Check all that apply and if possible indicate tonnages in "Other Recycling Tonnage" section in Part 2B. Recycling Tons. **Do not include materials covered in other parts of the report (e.g., yard waste, tires, HHW, used oil, batteries or other specialty wastes).**

- Food Waste Drop-Off
- Food Waste Curbside Collection
- Oyster Shells
- Textiles/Clothing
- Plastic Bags and Film
- Bulky Rigid Plastics (toys, buckets, furniture)
- Styrofoam
- Other (please specify)

You checked Food Waste (drop-off or curbside) above; was the program:

- Permanent
- Pilot
- Other *(If you have both drop-off and curbside, differentiate here if needed)

Please indicate where you took food waste for processing:

2B. Recycling Tons

Enter data below for all **recycling programs** operated or contracted for by your local government. Provide tonnages (or estimates) for each material collected for the period July 1, 2023 through June 30, 2024.

If you need to explain any of the tonnage recorded below, please do so in Part 10. Comments.

*** If your recycling is collected commingled but you have a detailed breakdown from your MRF and want to report individual material tonnages, click here**

Yes, I collect commingled but want to report separate

Please answer the MRF questions in the Commingled Section and report recycling tonnages in the Separated Recycling Tonnage Section.

Commingled Recycling Tonnage

Commingled recycling, also known as single-stream recycling or mixed recycling, is a system in which some or all household recyclables (plastic, metal, paper, cardboard, glass) are collected together.

	Curbside Tons (?)	Drop-off Tons (?)	Other Tons (?)	Total Tons
Commingled tons				0.00

Please indicate where the **Other Tons** are collected from:

e.g., schools, multifamily, away-from home, commercial, ABC, etc.

Which recyclables are included in the **Commingled tons** reported above?

- Aluminum Cans
- Steel Cans
- Glass Bottles and Jars
- Plastic PET #1 (drink bottles and food jars)
- Plastic HDPE #2 (milk jugs, detergent jugs, shampoo bottles)
- Plastic PP #5 (dairy tubs, some bottles)
- Plastic - Bulky Rigid
- Paper - Cardboard
- Paper - Newspaper
- Paper - Office Paper
- Paper - Other Mixed Paper (junk mail, paperboard, paper bags)
- Paper - Cartons (juice and soup cartons)
- Other

Which material recovery facility (MRF) does your community use? (?)

A MRF is the plant that separates commingled recyclables into marketable commodities (paper, plastic, metals, glass).

If you don't know this answer, please ask your hauler or recycling transfer station.

Do you have a formal contract with the MRF?

Yes No

What month/year does it expire?

Do you know your inbound contamination level at your MRF?

Yes No

Inbound contamination is the amount of non-recyclable materials in commingled loads delivered to the MRF.

What is the inbound contamination percentage?

Separated Recycling Tonnage

This section is for reporting recyclables that are collected separately OR commingled materials that are broken out by your MRF. Do not include tons for anything that is covered in Commingled Recycling Tonnage above.

	Curbside Tons (?)	Drop-off Tons (?)	Other Tons (?)	Total Tons
Glass Bottles and Jars				0.00
Plastic – PET #1				0.00
Plastic – HDPE #2				0.00
Plastic – PP #5				0.00
Plastic – Mixed (all bottles, tubs, jugs, and jars)				0.00
Metal – Aluminum Cans				0.00
Metal – Steel Cans				0.00
Paper – Cardboard (OCC)				0.00
Paper – Newsprint (ONP)				0.00
Paper – Office Paper				0.00
Paper – Mixed Paper				0.00
Paper - Cartons				0.00

Please indicate where the Other Tons are collected from:

e.g., schools, multifamily, away-from home, commercial, ABC, etc.

Other Recycling Tonnage

Do NOT report yard waste, tires, HHW, used oil, batteries or other specialty wastes. These are covered later in the report.

	Tons	Total Tons
Metal - White Goods/Appliances		0.00
Metal - Scrap Metal		0.00
Wood - Pallets		0.00
Wood - Other Clean Wood (not yard waste)		0.00
Electronics - Televisions		0.00
Electronics - Computer Equipment		0.00
Electronics - Other		0.00
Food Waste		0.00
Textiles/Clothing		0.00

Construction and Demolition (C&D) Recycling (?)	Tons	Total Tons
(specify C&D recycled material)		0.00
(specify C&D recycled material)		0.00
(specify C&D recycled material)		0.00

Other Recycled Materials (?)	Tons	Total Tons
(specify other recycled material)		0.00
(specify other recycled material)		0.00
(specify other recycled material)		0.00

Reminder: Do NOT report yard waste, tires, HHW, used oil, batteries or other specialty wastes. These are covered later in the report.

Recycling Totals

	Curbside	Drop-off	Other	Total
Total Tons	0.00	0.00	0.00	0.00

3. Specialty Wastes

Enter data below for specialty waste services provided to the public. Please do not include data on materials that were accepted and then disposed of in a landfill. Do not include materials generated exclusively by government operations (e.g. motorfleet services).

Specialty Waste Collections

Specialty wastes are materials collected at convenience centers, transfer stations, landfills, etc. **Do not include materials collected at household hazardous waste facilities or events.** Please report all totals in pounds. Conversion factors are provided below the table.

	Collected?	# of Sites	Pounds (?)
Used Motor Oil	<input type="checkbox"/> Yes		
Used Oil Filters	<input type="checkbox"/> Yes		
Used Antifreeze	<input type="checkbox"/> Yes		
Batteries, Lead Acid (Auto)	<input type="checkbox"/> Yes		
Batteries, Dry Cell (Household)	<input type="checkbox"/> Yes		
Fluorescent Bulbs/Lights Containing Mercury	<input type="checkbox"/> Yes		
Propane Tanks	<input type="checkbox"/> Yes		
Used Cooking Oil / Waste Vegetable Oil	<input type="checkbox"/> Yes		
Pesticide Containers (empty containers, not pesticides themselves)	<input type="checkbox"/> Yes		
NCD&CS Pesticide Disposal Assistance Program (for management of pesticides, not containers)	<input type="checkbox"/> Yes		
Latex Paint (do not include paint collected at HHW event or by a paint exchange program)	<input type="checkbox"/> Yes		
Other specialty waste (?)	<input type="checkbox"/> Yes		

Specialty waste conversion factors:
 Used motor oil gallon = 7.4 pounds
 Used motor oil filter (uncrushed) drum = 175 pounds
 Used antifreeze gallon = 8.42 pounds
 Lead acid battery = 36 pounds
 Fluorescent bulb = 0.65 pounds
 Propane tank = 18 pounds
 Used cooking oil gallon = 7.5 pounds
 Empty pesticide container = 0.75 pounds
 Latex paint gallon = 11.5 pounds

Household Hazardous Waste (HHW)

Did your local government operate a permanent HHW collection facility or temporary HHW collection event?

Yes No

3.1 - Was HHW collected at a permanent collection facility or a temporary collection event?

Permanent Temporary

How many temporary events?

How many permanent sites?

How many days did the HHW collection program operate (number of days operated out of 365)?

How many pounds of HHW were collected during the fiscal year?

Do not include any tons that are included elsewhere in this report (e.g., electronics or specialty wastes).

How many households/residences participated in your HHW collection program?

Did your program accept materials from Very Small Quantity Generator (VSQG) businesses? (?)

Yes No

Please provide or estimate the amount in pounds of VSQG material collected:

Did your local government partner the HHW program or event with another local government?

Yes No

Please list partner(s)

List all the HHW disposal and HHW recycling contractors:

What is the fiscal year cost to operate the HHW collection program?

\$

4. Yard Waste

Yard Waste Management

Yard waste may not be disposed in sanitary landfills, incinerators, or in unpermitted sites and it is illegal to burn. **Do not include information on food waste or non-vegetative materials in this section.**

4.1 - Does your local government operate a program to collect and/or manage yard waste (brush, limbs, leaves)?

Yes No

Please indicate how yard waste is collected:

- Collected curbside
- Collected at convenience center
- Received at yard waste, compost, or land clearing and inert debris (LCID) facility

Who collected the yard waste for your local government's yard waste program?

- Local government employees
- Private contractor*
- Franchised hauler**
- Other (please specify)

*A PRIVATE CONTRACTOR has a formal agreement with a local government for the provision of specified solid waste services at a certain price for a certain length of time and is the exclusive service provider.

**A FRANCHISED HAULER has a formal agreement with a local government for the provision of services awarded through competitive procurement. In contrast to contracted collection, local governments do not pay franchised haulers for providing services.

Name of private contractor (?)

Name of franchised hauler (?)

Did a storm event significantly impact the amount of yard waste your government managed during FY 23-24?

Yes No

Yard Waste Tonnage

Please report the **tons** of yard waste collected and/or managed by your local government.
For conversion purposes, one cubic yard is equal to 0.2 tons (400 lbs) of yard waste.

Destination

Tons

Receiving Facility Name and Location

End user (to farmer or home-owner)

Your local government's mulch or compost facility

Another local government's mulch or compost facility

Private mulch or compost facility

Land clearing and inert debris (LCID) landfill

Energy / Fuel Use (e.g. boiler fuel market)

Total

0.00

5. Solid Waste

Please complete the following questions about your government's municipal solid waste (garbage) collection system.

Curbside Solid Waste Collection

5.1 - Did your government operate or contract for curbside solid waste collection?

Yes No

Who collected the curbside solid waste?

- Local government employees
- Private contractor*
- Franchised hauler**
- Other (please specify)

*A PRIVATE CONTRACTOR has a formal agreement with a local government for the provision of specified solid waste services at a certain price for a certain length of time and is the exclusive service provider.

**A FRANCHISED HAULER has a formal agreement with a local government for the provision of services awarded through competitive procurement. In contrast to contracted collection, local governments do not pay franchised haulers for providing services.

Name of private contractor (?)

Name of franchised hauler (?)

What type of collection method is used? (?)

- Fully-Automated
- Semi-Automated
- Manual

What is the standard collection frequency?

- Weekly
- Two times per week
- Other (please specify)

What service points are used for single-family households?

- Curbside
- Back yard/Back door

What type of collection container is used?

- Government-provided carts
- Resident-provider container
- Bags

What sector(s) of your community was served by the curbside solid waste collection program?

- Residential Commercial Industrial

Number of households that receive curbside solid waste collection:

Number of commercial and industrial accounts that receive curbside solid waste collection:

Do you offer curbside bulky waste collection services? (?)

Yes No

Did you offer white goods collection services? (?)

Yes No

For municipalities: Were white goods delivered to the County for recycling/processing?

Yes No

If yes, please **do not report white goods tons in 2B. Recycling Tons**. The tonnage will be reported by the County.

Commercial Solid Waste Collection

5.2 - Does your government provide a separate solid waste collection service (e.g., dumpster service) for customers such as businesses, schools, multifamily properties, etc.?

Yes No

Solid Waste Convenience Sites

5.3 - Does your government operate or contract for convenience sites for solid waste collection? (?)

Yes No

Who hauls the solid waste from the convenience sites?

Local government employees

Private contractor

Other (please specify)

Name of private contractor

How many solid waste convenience sites do you operate?

How many solid waste convenience sites are staffed?

All None Some

Number of staffed solid waste convenience sites:

6. Education

Education

6.1 - Did your local government have an education program to inform residents about solid waste management and / or recycling?

Yes No

Do you utilize any of the DEACS-provided templates (Recycle Right NC)?

Available at <https://deq.nc.gov/conservation/recycling/general-recycling-information/customized-outreach-materials>

Yes No

Do you use any of the following recycling education that provides direct, personalized feedback?

Cart Tagging

Collection App

Other (please describe):

Please estimate your annual budget for solid waste and/or recycling education:

\$

Does your community produce solid waste and/or recycling education materials in languages besides English?

Yes No

Please list other languages used:

7. Budget

Solid Waste and Recycling Budgets

According to G.S. 130A-309.08, local governments are required to conduct full cost accounting annually and inform users of such costs.

7.1 - Did your local government operate an Enterprise Fund for solid waste services in FY23-24? (?)

Yes No

7.2 - How does your local government use Solid Waste Disposal Tax distributions?

All local governments that provide solid waste services receive quarterly NC Solid Waste Disposal Tax Distributions from [the Department of Revenue](#). According to G.S. 105-187.63 these funds must be used by a city or county solely for solid waste management programs and services.

7.3 - What other funding sources does your local government use?

- Tipping fees
- Property taxes / general fund
- Per household charges
- Pay-as-you-throw (all residents are charged a fee for garbage disposal based on weight or volume)
- Sale of recyclables
- Grants
- Tire tax
- White Goods tax

Household Fees

If applicable, please provide your FY23-24 **annual** household fees. Example:

Solid Waste: \$ **75.00** per **household**.

Do not include one-time service fees (e.g., \$15 per bulky pickup).

Fee Type	Annual Fee (?)	Unit (?)
Solid Waste	\$	per
Recycling	\$	per
Yard Waste	\$	per
Bulky Waste	\$	per
Availability Fee	\$	per
Combined Fee	\$	per
Total Annual Fee	\$ 0.00	

Solid Waste and Recycling Contracts

If your local government contracts for solid waste or recycling services, please provide the contract amounts.

	Annual Contract Amount	Month/Year of Contract Expiration
Solid Waste Services Contract	\$	
Recycling Contract	\$	
OR: Combined Contract (solid waste & recycling)	\$	

Full Cost Accounting

7.4 - What was your government's total combined annual budget for all solid waste and recycling services in FY 23-24?

\$

According to G.S. 130A-309.08, local governments are required to conduct full cost accounting annually and inform users of such costs.

Please complete the table to the best of your ability to display the full costs of collecting municipal solid waste, recycling, and yard waste. If you only have a total cost for a program, please report it in the collection cost column.

	# of Households/ Customers Served	Tons Collected	Collection Cost (?)	Disposal Cost (?)	Total Cost	Cost/Ton Managed	Cost Per Household/ Customer
Municipal Solid Waste*		0.00	0.00	0.00	0.00	0.00	0.00
Recycling Program**		0.00	0.00	0.00	0.00	0.00	0.00
Yard Waste Program		0.00	0.00	0.00	0.00	0.00	0.00

* Municipal Solid Waste includes materials collected and sent for eventual disposal in a Municipal Solid Waste or Construction and Demolition Landfill.

** Recycling Program includes materials collected by public recycling programs and reported in Part 2B. Recycling Tons. Do not include Specialty Waste Collections.

Totals	N/A	0	0.00	0.00	0.00	0.00	N/A
---------------	-----	---	------	------	------	------	-----

Facility Budgets

If your government operates a landfill, transfer station, yard waste/compost facility or recycling facility, please provide total budget for facility operations. If budgets for different facilities are combined, please attempt to allocate costs proportionately.

Landfill Budget:

\$

Transfer Station Budget:

\$

Yard Waste / Compost Facility Budget:

\$

Recycling Facility Budget:

\$

8. County Programs

Are you a county or municipality?

County Municipality

Only counties are required to complete Part 8 about White Goods, Scrap Tires, and Abandoned Manufactured Homes. If you are a municipality, you will skip to Part 9. Disaster Planning when you click 'Next'.

8A. White Goods

White Goods Management

All counties are required to complete this section. If applicable, municipalities must provide information to the county. Part 8A satisfies the reporting requirements for G.S. Chapter 130A - Article 9, Part 2D, "Management of Discarded White Goods."

Contact Information

Please provide contact information for the person responsible for the white goods program.

Does the County contract hauling with a third-party company or haul its own scrap tires to the tire monofill/recycler?

Third-party hauler County self-hauls

If scrap tires were not hauled off site for treatment or disposal in a tire monofill, were they cut and disposed of in a MSW landfill?

Yes No

If yes, how many tons?

Program Description

Description of the Scrap Tire Collection Program:

Suggestions for scrap tire disposal tax proceeds distribution alternatives:

Scrap tire management program limitations, other than money:

8C. AMH

Abandoned Manufactured Homes Management

All counties are required to complete this section.

Part 8C satisfies the reporting requirements for G.S. Chapter 130A - Article 9, Part 2F, "Management of Abandoned Manufactured Homes."

Has your county considered whether to implement a program for the management of abandoned manufactured homes?

Yes No

Has your county developed a written plan for the management of abandoned manufactured homes?

Yes No

9. Disaster Planning

Disaster Planning and Preparedness

Does your local government have a plan in place for management of disaster debris?

Yes No

Is it a stand-alone plan or in conjunction with other local government agencies?

Stand-alone

In conjunction

Has the plan been reviewed by N.C. Emergency Management or FEMA to ensure it meets the basic requirements for public assistance reimbursement in a declared disaster event?

Yes No

Please list the contact information of the person(s) in charge of the disaster debris management program for your local government.

Name	Phone Number	Email
------	--------------	-------

Reviewed Disaster Debris Sites

Please list the temporary disaster debris staging sites in your county or municipality which have been reviewed for conflicts with the Natural Heritage Program (NHP) and the State Historic Preservation Office (SHPO) through coordination with the Solid Waste Section. Please note that the vetting of a site prior to a disaster is advantageous to local governments because a staging site which is found to have impacted federal or state resources after a disaster may cause difficulty for local governments when attempting to obtain FEMA reimbursement. Please list all sites.

Disaster Site #

Site Name

Site 1

Does your plan address the management of:

Check all that apply.

Household Hazardous Waste

Abandoned vessels

Mass animal mortality

White goods

Does your plan include coordination with NC DOT on clearing roads and waste in the right of way?

Yes No
