North Carolina Division of Water Infrastructure

Project Applicant: Cape Fear Public Utility Authority
Date: January 11, 2022
Project Number: CS370923-13
Estimated Project Cost: $5,809,546
Estimated Funding Amount: $4,590,308

Project Description: The proposed project includes the following improvements to the Authority’s sewer collection system: Cleaning and CCTV evaluation and rehabilitation of approximately 2,314 LF of 36-inch gravity sewer and 11 manholes. Remove and replace approximately 12,555 LF of existing 6- and 8-inch gravity sewer and 48 manholes with approximately 7,423 LF of new 8-inch gravity sewer, 40 manholes and appurtenances.

The above-named applicant will receive funding assistance from the State Revolving Fund. The North Carolina Division of Water Infrastructure (Division) has conducted a review of the project in accordance with the NCGS §159G-38. The Division has determined that this project is below the minor construction activities threshold outlined in 15A NCAC 01C .0408; therefore, the project is exempt from inter-agency review, and the preparation of additional environmental documents is not required.

This determination shall become effective upon its distribution by the Division and will be available on the Division’s website (https://deq.nc.gov/about/divisions/water-infrastructure/division-water-infrastructure/environmental-documents). This determination can be revoked at any time adverse information is made available. The documentation to support this decision will be on file with the North Carolina Department of Environmental Quality, Division of Water Infrastructure, and is available for public scrutiny upon request.

Comments concerning this decision may be addressed to Ms. Jennifer Haynie, Environment and Special Projects Unit, Division of Water Infrastructure, 1633 Mail Service Center, Raleigh, North Carolina 27699, or she can be reached by phone at (919) 707-9173.

Sincerely,

[Signature]

Ken Pohlig, PE, Supervisor
Wastewater Projects Unit
