<u>2</u>	03/16/2021 - 9:06pm	David	Cessna	██████	North Carolina	<p>Greetings,</p> <p>I will begin by stating that I tried to get into the virtual meeting this evening, but for some reason, I could not. I feel this was a computer problem on my end. My comments are concerning the proposed lease for Sandbar Oyster Company/David Cessna.</p> <p>It is my understanding that there was one comment at the public meeting tonight, and that person spoke in favor of us getting the lease. It is also my understanding that there has been one written comment prior to the public meeting tonight, and that person spoke only of having concerns, but did not elaborate on what those concerns were. With this in mind, I respectfully request that you grant this lease.</p> <p>Thank you, Clammerhead (David) Cessna Sr.</p>
<u>1</u>	03/04/2021 - 3:25pm	Bert	Owens	██████	North Carolina	<p>The proposed lease area from Sandbar Oyster Co. Is a highly frequented lower tide recreational, sunbathing, family area for pleasure boaters. Sand Dollar Island having been washed away years ago, placement of this lease would take up a large section of sandbar being used in its place, and could be dangerous to the children playing in the area. I request that you have Sandbar Oyster Co. find an area with less human traffic. Thank you.</p>
