North Carolina Division of Water Infrastructure

Project Applicant: City of Clinton
Date: October 11, 2022
Project Name: Clinton WWTP Resiliency Improvements
Project Number: CS370425-07, SRP-W-ARP-0146
Estimated Project Cost: \$5,618,000
Estimated Funding Amount: \$5,558,000

Project Description: Relocation of influent pump station out of 100 year floodplain to include three (3) 1,400 GPM pumps, one (1) mechanical and one (1) manual bar screens each rated for 6.25 MGD, and one (1) 500 KW generator; electrical, valves, vaults, and associated appurtenances.

The above-named applicant will receive funding assistance from the State Revolving Fund. The North Carolina Division of Water Infrastructure (Division) has conducted a review of the project in accordance with the NCGS § 159G-38. The Division has determined that this project is below the minor construction activities threshold outlined in the 15A NCAC 01C .0408; therefore, the project is exempt from inter-agency review, and the preparation of additional environmental documents is not required.

This determination shall become effective upon its distribution by the Division and will be available on the Division's website (<https://deq.nc.gov/about/divisions/water-infrastructure/division-water-infrastructure/environmental-documents>). This determination can be revoked at any time adverse information is made available. The documentation to support this decision will be on file with the North Carolina Department of Environmental Quality, Division of Water Infrastructure, and is available for public scrutiny upon request.

Comments concerning this decision may be addressed to Mr. Jon Risgaard, Section Chief, State Revolving Fund Section, Division of Water Infrastructure, 1633 Mail Service Center, Raleigh, North Carolina 27699, or he can be reached by phone at (919) 707-9175.

Sincerely,

Ken Pohlig, PE, Supervisor
Wastewater and Stormwater Projects Unit
Division of Water Infrastructure
