

**Mobile Source Emission Reduction Grants– How to Apply - Question and Answer Session**

**November 4, 2024**

**Sheila Blanchard, Environmental Program Consultant, NC Division of Air Quality**

*Department of Environmental Quality*

# What to Expect Today

- Brief overview of Mobile Source Emission Reduction Grant program funded from Diesel Emissions Reduction Act (DERA) program
- When/how to submit your application
- Attachments and information required for a complete application
- Application evaluation/scoring
- Where to find information after this workshop
- Questions and answers

# Request for Proposals (RFP) Timeline

Milestone	Date
Application open in DAQ Grants Management System	October 15, 2024
Application closes in DAQ Grants Management System	December 31, 2024
DAQ evaluation of applications	January-February 2025
All applicants notified of their application status	March 2025
Awardee contracts processed	April-May 2025
All work completed	September 30, 2026
Invoices, Certificate of Engine/Chassis Destruction and Final Reports submitted to DAQ	September 30, 2026

**Over \$1.08 Million in  
anticipated available funds**

## For this webinar:

- You should already have an NCID (REQUIRED TO REQUEST ACCESS TO THE GMS)
- You should already have requested access to the Grants Management System (GMS) which is required to submit an application (we covered this in detail in the last **webinar**)
- The very last day that you could be granted access, and still have time to apply is December 9, 2024.

**Late applications will not be accepted.**

# First Things First

- **This is a reimbursement program for diesel equipment upgrades or replacement.**
- **There are mandatory cost-shares for almost all project types.**
- **Existing diesel equipment must scrapped.**
- **You MUST scrap replaced equipment within 3 months of taking delivery of new equipment.**

# Important Criteria

- Replacement vehicle/equipment must be of the same weight class of original vehicle/equipment.
- All vehicles and equipment must have **3 years** of useful life remaining.
- All original equipment or vehicles must be operational in the previous two years and the replacement equipment or vehicle must be operated at least 70% in North Carolina for the next 5 years.

# How to Apply

- You must have an **NCID** to request access to the Grants Management System (GMS).
- If you already have an NCID, skip to “Request Access”.
- Steps to apply:
  1. Submit an **Enterprise Business Services External Access Request Application** (select “NCDEQ Division of Air Quality” for the agency).
  2. Complete and submit **NC Substitute W-9** and email to [daq.msrb.ncdaqgrants@deq.nc.gov](mailto:daq.msrb.ncdaqgrants@deq.nc.gov).
  3. You will receive a “Welcome to the DAQ Enterprise Business System” email when your access has been processed.
  4. Apply in [NC EBS Portal](#).

This can take up to 1 week or more to get processed.

# Required Application Attachments

- [NCDAQ Vehicle Spreadsheet](#)
- **Quotes**
  - **Should include itemized quotes for all equipment**
- **Pictures of original equipment, engine tags, and VINs**
- **Any other supporting documentation for application**
- **EV requests require extra attachments (next slide)**

# Required Application Attachments: EV projects only

- **Acknowledgement of consultation with utility**
- **Quotes for infrastructure (if requesting in application)**
  - **Installation**
  - **Equipment**
- **Acknowledgment of BABA compliance**
- **Acknowledgement of workforce development**
- **Any other supporting documentation for application**

# DAQ Grant Management System (GMS)

- Once you have received the “Welcome to the DAQ Enterprise Business System Portal” email, the DAQ Grant Management System (GMS) can be accessed at:

<https://www.ebs.nc.gov/irj/portal>

- Additional GMS information can be found here:

<https://deq.nc.gov/DAQ-grants-management>

# DAQ Training Library

The screenshot shows a web browser window displaying the SAP system home page for the North Carolina Department of Environmental Quality (DEQ). The browser address bar shows the URL: `https://qcr.ebs.nc.gov/grants(bD1lbiZjPTYwMCZkPW1pbg=)/default.htm`. The page header includes the DEQ logo, the text "Welcome Brian Phillips", and navigation options like "Personalize" and "Log Off". A search bar with "Saved Searches" is also present. The main content area is titled "Home" and contains several sections: "Alerts" (No result found), "Web Links" (with "DAQ Training Library" highlighted by a red box and a red arrow), and "Search" (listing various actions like "Create New Application", "View Applications", etc.). A sidebar on the left titled "Grants Home" contains a "Recent Items" list with entries like "3000169642 Engin...", "1000010635 Claim...", "2000045107 Level...", "1000010594 Level...", and "1000010592 Diesel...".

# 2024 DERA Application

The screenshot displays the user interface for the 2024 DERA Application. At the top, there is a 'Home' header with navigation icons. Below this, the interface is organized into several sections:

- Alerts:** A section with a close button and the message 'No result found'.
- Workflow Tasks:** A section with a close button and the message 'No result found'.
- Web Links:** A section with a share icon, a close button, and a link to 'DAQ Training Library'.
- Search:** A dropdown menu with the following options: 'Download Form Data Programs', 'Create New Application', 'Edit Application Form', 'View Application', 'View Agreements', 'Create New Claim', 'Edit Claim Form', 'View Claim', and 'Create/Edit Recipient Account'. A red arrow points to the 'Create New Application' option.
- Favorites:** A section with a share icon, a close button, a dropdown menu for 'My Favorites', a filter set to 'All Items', and a 'My Favorites' link with a star icon.

New Application Form

Project Contact Budget **Project Details** Certification

1. Please provide a detailed description of the proposed project.

10 out of 3317

Test Test

2. Explain how this request will benefit North Carolina's goal of reducing diesel emissions in areas of poor air quality or areas that are currently in maintenance for either the ozone or PM2.5 national ambient air quality standards. Priority will be given to projects that are located at or service goods movement facilities (e.g. ports, airports, rail yards, terminals, or distribution centers) please provide how the project addresses these types of areas.

10 out of 1562

Test Test

3. What is the likelihood that the project will incentivize future indirect NOx and other emission reductions? That is, will this be the beginning or continuation of a transition of the fleet to an alternative fuel or electricity? If so, please provide details.

10 out of 1562

Test Test

4. Are there any societal co-benefits of the project? Are there any "sensitive" populations including, but not limited to asthmatics, children, or the elderly that are likely to be directly benefited by the project?

0 out of 791

# How to Add an Attachment

The screenshot shows the DEQ application interface for 'Application: 100008862, JBV Test workflow'. The interface includes a navigation menu on the left with 'Home Page' and 'Worklist' sections. The 'Recent Items' list contains several application entries, including '100008862 JBV T...'. The main content area displays a form with fields for City (Durham), County (DURHAM), Zip Code (27713), Latitude (36), and Longitude (-78). Below the form are buttons for 'Check', 'Save & Close', and 'Next =>'. The 'Attachments' section is expanded, showing a table with columns for Actions, Attachment Type, Description, Name, Created On, and Created By. A single attachment is listed: 'GreenvilleUtiliti...' created on '07/17/2020 14:...' by '2SALBRIGHT'. Below the table is an 'Upload Document(s) F...' section with a 'Browse...' button and an 'Upload' button. The 'Application Details' section is also expanded, showing 'General Data' and 'Application Amounts'.

Actions	Attachment Type	Description	Name	Created On	Created By
Properties			GreenvilleUtiliti...	07/17/2020 14:...	2SALBRIGHT

<b>NEW VEHICLE AND ENGINE UPGRADE INFORMATION</b>				

# NCDAQ Vehicle Equipment Spreadsheet

## Old equipment (replaced equipment)

Please fill out as many fields as you can.

Notice the sheets are labeled by the project type:

1. On-Road
2. Off-Road
3. Marine
4. Locomotive
5. Infrastructure (should be filled out for any EV replacement requests with infrastructure)

You can upload attachments **at any time** during the application process.

## New equipment (replacement equipment)

Please fill out as many fields as you can.

The quotes should match the information found in this spreadsheet.

If you are requesting infrastructure for replacement equipment, the quotes should match for installation and equipment.

You can upload attachments **at any time** during the application process.

NEW VEHICLE AND ENGINE UPGRADE INFORMATION				
Upgrade Information	Year of Upgrade Action:	2024	2024	
	Upgrade Type:	Vehicle Replacement	Vehicle Replacement	
	Upgrade Specific:	Vehicle Replacement - All-Electric	Vehicle Replacement - CNG	
	Class (overoad vehicles, as defined in data dictionary):	Class 6	Class 8

# Project Scoring Criteria

Lifetime Emissions Reductions	35
Lifetime Cost Effectiveness	30
Co-Benefits	20
Environmental Justice	10
EPA Priority County*	5
Historically Under-Resourced County	5
Electric Project	5
Minority or Women-owned Business**	5
Goods Movement Facility**	5
Federal Major Disaster Area	5
<b>Total Points Possible</b>	<b>125</b>

\* Cabarrus, Gaston, Iredell, Lincoln, Mecklenburg, Rowan, or Union

\*\* You must indicate this in your application

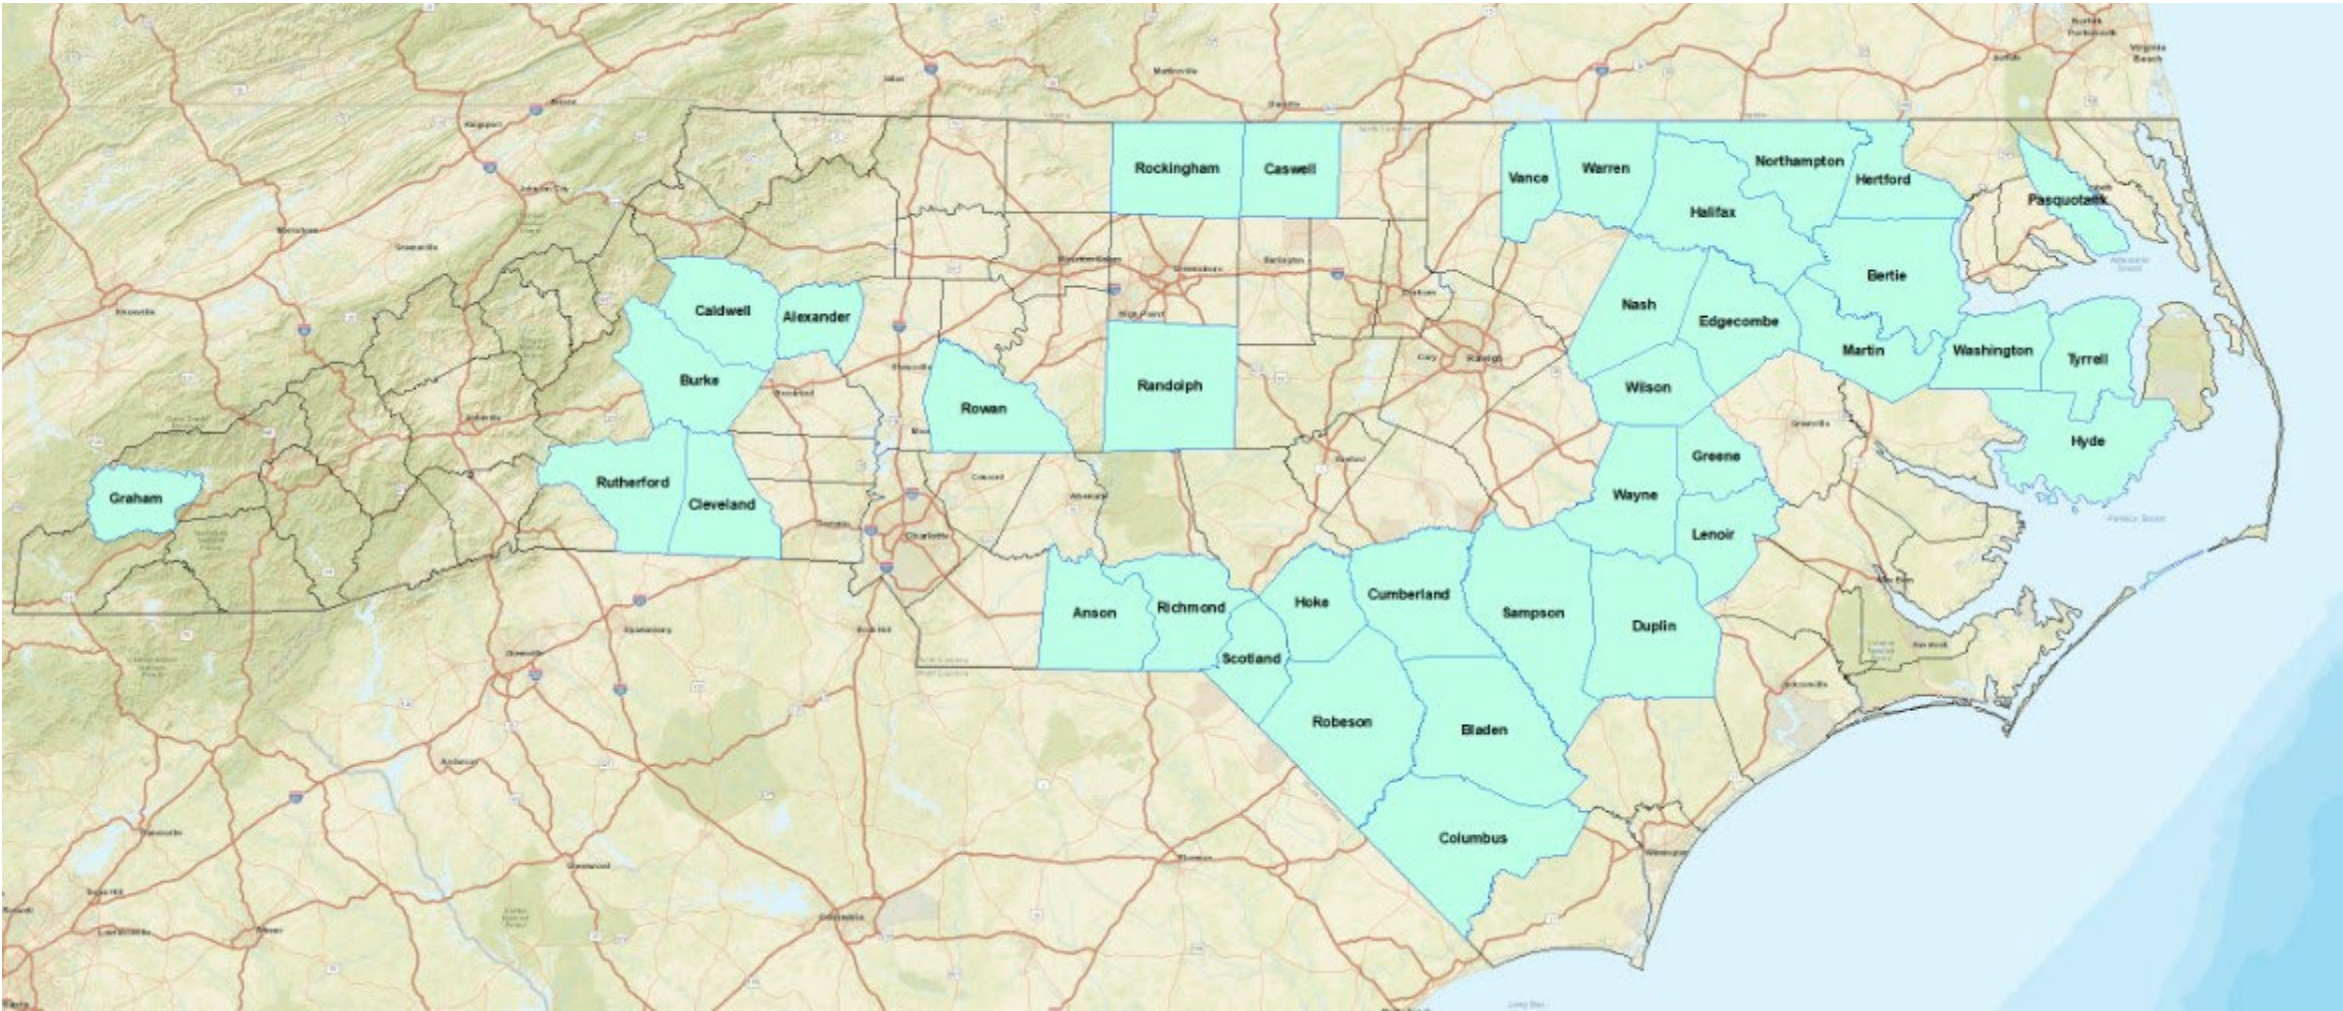

# What does a competitive application look like?

- **It should be complete.**
- **It should be cost effective compared to our other applications. This may include voluntary cost-shares, i.e., those over the mandatory cost-shares required by the program.**
- **The best-scoring equipment gets a lot of mileage/hours and has a lot of useful life.**
- **The best applications have a well-defined project scope and they fit into a larger sustainability plan.**

# Historically Under-Resourced County Map

# Tips and Things to Know

- Increases in fleet size are not allowed.
- Replacement vehicle must be “like for like” with the original equipment.
- Charging infrastructure purchases must be part of a vehicle replacement project.
- Budget information should be as accurate as possible.
- Partial funding will be used as appropriate in awarding projects.
- Essays will be used to assist in evaluating projects that score similarly to determine awardees.
- Applications must be submitted via the NCDAQ Grants Management System. Applications will not be accepted after 11:59PM EDT on December 31, 2024.
- Do not sign any agreements with vendors or start work until your contract is fully executed.
- Applications may be shared with other agencies with similar funding opportunities if project is not funded.
- You must log into GMS periodically or your account will be made inactive, and you may have to request access again.

**AN AWARDED APPLICATION IS NOT A FULLY EXECUTED CONTRACT**

# To get Reimbursement

- **All claims are submitted in the GMS**
- **Quarterly reporting is required by all grantees**
- **Site visits for staff to see the purchased equipment is required to receive reimbursement**
- **Submit invoices, proof of scrappage, photos of new equipment, final reports**

# Scrappage Requirements

- **“Scrapped” shall mean to render inoperable and available for recycle, and, at a minimum, to specifically cut a 3-inch hole in the engine block for all engines.**
- **If any eligible vehicle will be replaced as part of an eligible project, scrapped shall also include the disabling of the chassis by cutting the vehicle’s frame rails completely in half.**
- **You must scrap all replaced equipment **within 3 months** of taking delivery of new equipment.**

# Destruction of Old Equipment

## A Few Helpful Hints

- **Apply early**
  - **If there are issues with your application, it can be returned for correction before the December 31, 2024, closing date.**
  - **We will not accept late applications.**
- **Contact us for questions well before the application closes for assistance.**

# Where to get more information?
