North Carolina Division of Water Infrastructure

Project Applicant: Town of Murfreesboro
Date: October 11, 2021
Project Number: CS370491-06
Estimated Project Cost: \$547,743
Estimated Funding Amount: \$537,003

Project Description: The proposed project includes the following improvements to the Carver Park Lift Station: replacement of pump station to be constructed at dead-end of Washington Street, to include new wet well, two (2) 250 gpm suction pumps, motors and controls, cellular-based telemetry, emergency bypass pump around connection, and a new standby emergency generator with automatic transfer switch, approximately 350 LF of 4-inch force main, associated valving, electrical, mechanical, yard piping, appurtenances and demolition of existing pump station.

The above named applicant will receive funding assistance from the State Revolving Fund. The North Carolina Division of Water Infrastructure (Division) has conducted a review of the project in accordance with the NCGS § 159G-38. The Division has determined that this project is below the minor construction activities threshold outlined in 15A NCAC 01C .0408; therefore, the project is exempt from inter-agency review, and the preparation of additional environmental documents is not required.

This determination shall become effective upon its distribution by the Division and will be available on the Division's website (<https://deq.nc.gov/about/divisions/water-infrastructure/division-water-infrastructure/environmental-documents>). This determination can be revoked at any time adverse information is made available. The documentation to support this decision will be on file with the North Carolina Department of Environmental Quality, Division of Water Infrastructure, and is available for public scrutiny upon request.

Comments concerning this decision may be addressed to Ms. Jennifer Haynie, Environment and Special Projects Unit, Division of Water Infrastructure, 1633 Mail Service Center, Raleigh, North Carolina 27699, or she can be reached by phone at (919) 707-9173.

Sincerely,

Ken Pohlig, PE, Supervisor
Wastewater Projects Unit
Division of Water Infrastructure
