Badin Lake Fish Consumption Advisory

Catfish (*Bagre*)

Largemouth Bass (*Huro/Róbalo de boca grande*)

Do not eat more than one (1) meal a week of catfish or largemouth bass from Badin Lake. If you are pregnant, may become pregnant, are nursing, or are a child under 15 years of age, do not eat any of these fish. Elevated levels of polychlorinated biphenyls (PCBs) have been found in some catfish and largemouth bass. Swimming, boating, and handling fish do not present a known health risk.

Health Effects of PCBs

Eating more than one meal a week of these fish may increase a person's risk of developing health problems such as cancer, infection, or skin problems. The babies of pregnant or nursing women who eat these fish may experience developmental or other health problems.

For more information contact:
N.C. CARELINE at 1-800-662-7030

For other fish advisories in your area, see the N.C. Division of Public Health website, www.epi.state.nc.us/epi/fish.

No coma más de una porción del pez bagre o huro/róbalo de boca grande a la semana del Lago Badin. No coma ninguno de estos peces, si está embarazada, podría quedar embarazada, está amamantando, o es un niño/a menor de 15 años. Niveles elevados de bifenilos policlorados (BPCs) se han encontrado en algunos peces bagre y el huro/róbalo de boca grande. El nadar, pasear en bote o tocar los peces no presenta un riesgo conocido para la salud.

Efectos a la Salud de los BPCs

El comer más de una porción de estos peces a la semana puede aumentar el riesgo de desarrollar problemas de salud como cáncer, infección, o problemas de la piel. Los bebés de mujeres embarazadas o amamantando que comen estos peces pueden tener retrasos en el desarrollo u otros problemas de salud.

Para más información comuníquese con:
N.C. CARE-LINE al 1-800-662-7030

Vea la página electrónica de la División de Salud Pública de Carolina del Norte para información de otros avisos de consumo de pescado en su área, www.ncdhs.gov/espanol.

The signpost is a weathered wooden structure with several signs attached. At the top right, two white rectangular signs with black text read "FLAT CREEK BOATING ACCESS" and "450 WILDLIFE ACCESS ROAD". On the left side, a diamond-shaped sign features the text "NORTH CAROLINA" at the top, "Wildlife" in a script font in the center, and "RESOURCES COMMISSION" at the bottom. Below this diamond sign is a small square sign with a circular logo and the text "SPORT FISH RESTORATION" and "FISHING AS PROHIBITED BY YOUR PURCHASE OF FISHING EQUIPMENT AND MOTOR BOAT TRAILER". To the right of the diamond sign is a larger rectangular sign titled "BOATING ACCESS AREA REGULATION" which contains detailed text about permitted activities and prohibitions. On the far right of the signpost is a small vertical poster with the slogan "It's Your Boat Ramp. Don't Trash It!" and an image of a boat.
