Application Fee for New Permits

Application fees apply ONLY in the case of new permits.

Application fee for new permits = twenty five percent (25%) of the annual permit fee required for that type of solid waste management facility

“New Permit” is defined at NCGS 130A-294(a3)(1):

130A-294

(a3) As used in this section, the following definitions apply:

(1) "New permit" means any of the following:

- a. An application for a permit for a solid waste management facility that has not been previously permitted by the Department. The term includes one site suitability review, the initial permit to construct, and one permit to operate.
- b. An application that proposes to expand the permitted activity of the waste management facility through an increase of ten percent (10%) or more in (i) the population of the geographic area to be served by the sanitary landfill; (ii) the quantity of solid waste to be disposed of in the sanitary landfill; or (iii) the geographic area to be served by the sanitary landfill.
- c. An application that includes a proposed expansion to the boundary of a waste disposal unit within a permitted solid waste management facility.
- d. An application that includes a proposed change in the categories of solid waste to be disposed of in the sanitary landfill.
- e. An application for a permit to be issued pursuant to G.S. 130A-294(a2), which is issued for a duration of less than a facility's life-of-site based upon permits previously issued to a facility.
