RE: Remedial System Certification Form

The UST Section has placed an updated Q&A to the 2003 RRD on the website that includes changes to Task 7.015 and 7.081 to reflect a new Remediation System Construction and Installation Certification Form. This form will be required prior to reimbursement of any designed remedial systems pre-approved to be installed after December 1, 2003.

The UST Section is continuing to update our contact database of environmental consultants and service providers. Please e-mail your contact person and a backup person's name and e-mail address to scott.ryals@ncmail.net so that we can update this database. This database will only be used for official UST Section correspondence.

Sincerely,

George C. Matthis, Jr.
Head, Trust Fund Branch
