

## NCDP Criteria Implementation Committee Agenda

9:00 am – 12:00 pm

April 17, 2017

NCDA Agronomic Services Division Bldg.  
4300 Reedy Creek Road, Raleigh NC 27607-6465

### Desired Outcomes:

- Shared understanding of SAC's status and future milestones.
- Shared understanding of CIC's role within the larger NC nutrient management strategy, including its relationship to SAC, DWR, and EMC.
- Insight on current stakeholder engagement in the HRL watershed, estimated water quality effects of nutrient load reductions from point sources in the HRL watershed, and potential cost estimates for various nutrient reduction strategies as presented by Bill Kreutzberger.

Time	Topic	Lead
