**Notes:**

The Town of Hillsborough and Orange-Alamance Water System dropped their allocations. These allocations were rescinded because the required payments were not made.

For round 2, the Durham and Holly Springs allocations were decided as part of round 2a. Cary and Apex, Morrisville, and Wake County allocations were made as part of round 2b because of interbasin transfer certification. Chatham County's request was acted upon as part round 2b at their request.

The EMC reduced OWASA's allocation from 10 percent to 5 percent in the review of the round 3 applications.
