**Subject: Jordan Lake Water Supply Storage Allocation;  
Wake County Portion of Research Triangle Park (RTP South)**

Dear Mr. Fransen:

Per the Division's February 24, 2010 Jordan Lake Round 4 Water Supply Allocation Public Information Meeting, we are submitting this Letter of Interest on behalf of RTP South. Wake County currently has a 3.5 percent (3.5 MGD) water supply allocation for the portion of Research Triangle Park within Wake County. Retaining our existing Level I water supply allocation is essential to our ability to meet the long range needs of the owners and tenants of RTP South.

Wake County provides water services to RTP South through an Interlocal Agreement with the Town of Cary. The Town of Cary reports on RTP South's actual water usage to NC DENR.

Our primary contact for this effort will be:
