

ERRATA:

February 11, 2013

#1 – Caldwell County is no longer a co-permittee of the NPDES MS4 permit held by the Phase II cities in that county. Because it is not a tipped county, unincorporated areas of Caldwell County that are not otherwise subject to State or Local stormwater programs are not subject to Phase II Stormwater Post-Construction requirements. The record below should be modified with the information for the following attributes:

Currently in the dataset:

FID	JURISDIC	PERMITTING	TYPE	BASIS	NOTE	CATEGORY	PH2_INFO
247	CALDWELL CO	Local	Phase II Entity	In Permitted Phase II Jurisdiction	Inside CALDWELL CO	Local Program	Local program satisfies Phase II SW requirements

Corrections:

FID	JURISDIC	PERMITTING	TYPE	BASIS	NOTE	CATEGORY	PH2_INFO
247	CALDWELL CO	None	None, Unincorporated area, County	No Program Identified	Verify with local authority	No Stormwater Program	Not a Phase II SW area

#2 – Seymour Johnson AFB in Goldsboro has two records because of a typo in the BASIS field:

Currently in the dataset:

FID	JURISDIC	PERMITTING	TYPE	BASIS
1870	Seymour Johnson Air Force Base	State	Military, Phase I MS4	Permitted Phase I Jurisdiction, Tipped County
1871	Seymour Johnson Air Force Base	State	Military, Phase I MS4	Permitted Phase I Jurisdiction, Tipped County

The records should have identical information and be dissolved into one record. Correction:

FID	JURISDIC	PERMITTING	TYPE	BASIS
1870	Seymour Johnson Air Force Base	State	Military, Phase I MS4	Permitted Phase I Jurisdiction, Tipped County
